THE EDUCATION CODE – INTRODUCTION

0900:20

The Mid-America Union Conference of Seventh-day Adventists coordinates a system of schools for the education of its youth, early childhood through graduate school. The purpose and aim of this educational program is to promote the harmonious development of the whole person -- spiritual, intellectual, physical, and social.

The Education Code is a compilation of policies and provisions relating to the establishment, organization, administration, operation, and maintenance of the Early Childhood-12 school system. It clarifies and details the role and responsibilities of persons, committees, and boards of each entity -- union conference, local conference, and school.

The policies contained in the Education Code are developed and adopted through the cooperative efforts of school, conference, and union administrators and boards of education. The Education Code is accepted as the basis for the organization, administration, and operation of the Mid-America Union Conference Early Childhood-12 school system.

When there is no provision, stipulation, or prohibition in the Education Code for an area under consideration, a conference or institution may (a) develop a policy, procedure, or practice to meet a local need and/or (b) recommend that a policy be adopted for inclusion in the Education Code.

Adoption dates for additions, revisions, or deletions in the Mid-America Union Conference Education Code are indicated in the margin behind the Code number. References to North American Division Working Policy are italicized.

NAD MISSION STATEMENT

0910

The Seventh-day Adventist church in North America operates a system of elementary and secondary education that began in 1872. The unique philosophy of Christian education of the Church is based on the Scriptures and the writings of Ellen G White.

The primary aim of Seventh-day Adventist education is to provide opportunity for students to accept Christ as their Savior, to allow the Holy Spirit to transform their lives, and to fulfill the commission of preaching the gospel to all the world.

The education programs of church-affiliated schools are predicated on the belief that each student is unique and of inestimable value, and on the importance of the development of the whole person.

Students are educated to accept service as a way of life, to be sensitive to the needs of the people in the home and society, and to become active members in the Church. (FEA 05 05)

MAUC MISSION STATEMENT

0915:00

The Mid-America Union education school system is a unit of schools where professional education presents both Jesus Christ as Savior and the Seventh-day Adventist education curriculum to students.

LOCAL CONFERENCE/SCHOOL MISSION STATEMENT

0917:00

Each local conference and individual school should develop a mission statement unique to that conference/school.

A STATEMENT OF SEVENTH-DAY ADVENTIST PHILOSOPHY

0920:

The Seventh-day Adventist Church recognizes God as the ultimate source of existence, truth, and power. In the beginning, God created in His image a perfect humanity, a perfection later marred by sin. Education in its broadest sense is a means of returning human beings to their original relationship with God. The distinctive characteristics of this Adventist worldview, built around creation, the fall, redemption, and re-creation, are derived from the Bible and the inspired writings of Ellen G. White.

The aim of true education is to restore human beings into the image of God as revealed by the life of Jesus Christ. Only through the guidance of the Holy Spirit can this be accomplished. An education of this kind imparts far more than academic knowledge. It fosters a balanced development of the whole person—spiritual, physical, intellectual, and social-emotional—a process that spans a lifetime.

Working together, homes, schools, and churches cooperate with divine agencies in preparing learners for citizenship here in this world and for eternity. (FEA 05 01)

OBJECTIVES OF SEVENTH-DAY ADVENTIST EDUCATION

0940:

The Seventh-day Adventist Church desires to provide for all its youth an education within the framework of the science of salvation. The fundamentals and common branches of knowledge are to be studied so that proficiency is achieved and a high quality of teaching is maintained.

The Seventh-day Adventist elementary school will assist each child to develop 1. a love and appreciation for the privileges, rights, and responsibilities guaranteed each individual and social group, and 2. a wholesome respect and attitude for each unit of society—home, church, school, and government. The elementary school will offer an organized program to ensure adequate development leading toward total spiritual, physical, mental, and emotional health and a basic core of skills and knowledge for everyday living.

The Seventh-day Adventist secondary school, predicated on the results obtained through the elementary school with character building as an undergirding structure, will endeavor to operate realistically for each student in the upgrading and maintenance of health, in the command of fundamental learning processes, in the teaching of worthy home membership, vocational skills, civic education, worthy use of leisure, and ethical maturity. The secondary school implementing the church philosophy will seek for objectives of spiritual dedication, self-realization, social adjustment, civic responsibility, and economic efficiency. (FEA 05 15)

CRITERIA WHICH IDENTIFY THE SEVENTH-DAY ADVENTIST SCHOOL AS PART OF THE CHURCH

0950:

Seventh-day Adventist schools are an integral part of the mission of the Church in the following ways:

- A. *"To restore in man the image of his Maker, to bring him back to the perfection in which he was created, to promote the development of body, mind, and soul, that the divine purpose in his creation might be realized – this was to be the work of redemption. This is the object of education, the great object of life." (Education, pp. 15, 16)*
- B. *The commission given in Matthew 28:18-20 states that the basic task of the Church is an educational task.*
- C. *Seventh-day Adventist education has as its basic evangelistic task the education and redemption of the children and youth of the Church. Its object is to promote the development of character and*

to direct the youth to a "knowledge of God, the Creator, and of Christ, the Redeemer, as they are revealed in the sacred word." (Education, p.17). In pursuing this task Adventist schools have a greater continuing influence than any other aspect of the church program.

- D. The school is concerned about the whole person—body, mind, and soul—and seeks to ensure that youth receive a balanced physical, mental, moral, social, and practical education.*
- E. The school emphasizes the principle of service to God and man. It prepares youth for a life of service whether as employees of the Church or as active, contributing lay members.*
 - 1. The students generally come from Seventh-day Adventist homes and/or are baptized members of the Seventh-day Adventist Church.*
 - 2. In addition, the school may also serve as a mission outreach to the community. When a school desires to recognize this potential ministry to the community, non-Seventh-day Adventist youth may be enrolled in larger numbers. This type of program carries additional responsibility as detailed in FEA 45 10. (See §1648).*
- F. The members of the school boards and conference board of education are members of the Seventh-day Adventist Church.*
 - 1. The school board is composed of members of the Seventh-day Adventist Church in regular standing who represent a cross section of the school constituency and who are supportive of Seventh-day Adventist education.*
 - 2. The conference and union conference boards of education are composed of representatives of various church institutions and/or conferences, lay members of the Church, in regular standing, and church officials.*
- G. Educational employees must be active members of the Seventh-day Adventist Church in regular standing, and committed to the program of the Church. Employment qualifications, licenses and credentials, salary and wages, benefits, and retirement are all established and regulated by the policies which cover all other denominational workers.*
- H. The uniquely designed curriculum in Seventh-day Adventist schools is developed by church educators who ensure that the educational objectives of the Church are achieved.*
 - 1. It is based on a distinctive Seventh-day Adventist philosophy with a strong commitment to academic excellence.*
 - 2. It utilizes the best in current curricular research.*
 - 3. It reflects an awareness of the principles of human growth and development and the worth and dignity of each student.*
 - 4. It emphasizes a process which encourages, guides, and sustains the learner as he seeks to relate to the Creator and to his fellow human beings.*
- I. The title to school buildings and property is held by the conference association which is the legal corporation that holds title to all church and school properties, not by individual trustees or congregations.*

It also reviews and endorses the accreditation of secondary schools, as recommended by the Commissions on Accreditation of the divisions and attached unions (see FEA 25 50). The Accrediting Association of Seventh-day Adventist Schools, Colleges, and Universities and the Commissions on Accreditation evaluate the quality of the denominational institutions' programs and their implementation of the Seventh-day Adventist philosophy of education, in order to foster the unity and mission of the Church. (FEB 05 05)

Evaluative instruments have been designed to provide guidelines by which constituencies and schools may systematically explore their beliefs about school organization, students, curricula, and the unique characteristics of their respective institutions. The use of these instruments should ultimately identify the degree of success with which the school community is meeting its objectives.

It is the responsibility of the Mid-America union and conference offices of education to implement regularly scheduled programs of conference and K-12 school evaluation, utilizing instruments developed by the North American Division Commission on Accreditation.

Union and conference K-12 boards of education shall review evaluation reports and recommend terms of accreditation to the NAD Commission on Accreditation for K-10 and K-8 schools, respectively. Review of K-12 and 9-12 secondary schools is a function of the NAD Commission on Accreditation which approves terms of accreditation for all schools, K-12, as the authorized agent of the Association of Seventh-day Adventist Schools, Colleges, and Universities in North America.

Data to indicate the recommended term of accreditation for K-8 schools is sent by the conference to the union conference office of education. The union conference will include the recommended term of accreditation for K-10 schools and forward all information to the North American Division Commission on Accreditation.

While the value of state and/or regional accreditation is recognized, denominational evaluation and subsequent accreditation demands priority consideration. (FEA 25 50)

CHAPTER 4 –STUDENTS

ARTICLE 1

ADMISSION OF STUDENTS

1642:20 Non-discrimination Policy—Admission of Students

Seventh-day Adventist schools admit students of any race to all the rights, privileges, programs, and activities generally accorded or made available to students at its schools, and do not discrimination on the basis of race, color, ethnic background, country of origin or gender in administration of education policies, applications for admission, scholarship or loan programs, and extracurricular programs. (FEA 05 25)

1648: Non-Seventh-day Adventist Student Attendance

Seventh-day Adventist education has a two-fold mission. The school's primary role is to educate and to spiritually strengthen Seventh-day Adventist youth. In addition, the school is to serve as a mission outreach to the community. When a school and its constituency recognize its potential ministry to the community, non-Seventh-day Adventist youth may be enrolled subject to the following considerations:

- A. Orientation of church members, teachers, parents/legal guardians, and students to their role as Christian witnesses.*
- B. Orientation of parents/legal guardians of prospective students to the goals and objectives of Seventh-day Adventist education.*
- C. Regular pastor/teacher visits in student homes.*
- D. Seventh-day Adventist curriculum and school standards shall be maintained.*
- E. Character and scholastic ability should be considered before the student is accepted into the program. (FEA 45 10)*

1660:20 Special Education Students

Seventh-day Adventist schools have not generally been established for the purpose of offering special education and they are, therefore, generally unable to accept students who have serious physical, scholastic, or behavioral problems.

It is recommended that schools exercise caution in accepting special needs children. Parents/legal guardians must submit full disclosure of all diagnostic/medical/psycho-educational reports to appropriate school personnel before registration in order to determine if the student's educational needs can be met. The admissions committee should screen all such applications and inform the parents/legal guardians that the educational goals expected of the average student may not be met by their child. Parents/legal guardians of such students should be encouraged to explore all local resources and services that may be provided to special needs students.

Adventist school personnel are encouraged to become aware of the local resources and services that could assist special needs children, and where possible, dual enrollment and/or collaborative resources are encouraged.

1680:20 Attendance Requirements

- A. Every student is expected to attend school punctually and regularly.*
- B. Reasons for excused absences include sickness, attendance at a funeral, and doctor appointments.*
- C. The conference office of education shall set minimum attendance requirements.*

Where not prohibited by law, schools may withhold transcripts of scholarship credit until the student account is paid or satisfactory financial arrangements are agreed upon. This statement must be published in the school handbook. (See §1930.)

1692: Agreement of Accountability

It is recommended that the student, parent/legal guardian, and a school representative sign an agreement which clearly states the family's financial obligation to the school.

CHAPTER 5 – GENERAL ADMINISTRATIVE SCHOOL POLICIES

ARTICLE 1 STUDENT CITIZENSHIP

1700: Disciplinary Authority

Discipline should be designed to be redemptive, remedial, and corrective rather than punitive. Corporal punishment is not appropriate in Seventh-day Adventist schools. The purpose of citizenship development is to learn how to relate in an acceptable manner to others in society and to prepare for life in this world and the world to come. The principal and school board are responsible for establishing disciplinary procedures in consultation with parents/legal guardians and teachers. All members of the school staff share in the responsibility for supervision of student conduct. Minor irregularities are handled by the individual staff members. Repeated offenses or major infractions of school rules are to be handled by the principal, the school government committee, or the board.

(FEA 45 20)

1735:94 Dismissal of Students

The dismissal of students is by action of the School Board upon the recommendation of administration. In an academy, this authority may be delegated to a school administrative body. The student should be given opportunity for appeal. In no case should a student be sent home until the parent/legal guardian has been notified.

1738:20 Suspension of Students

Suspension is the temporary separation of the student from normal school activities for disciplinary reasons. A student may be suspended for repeated offenses when other procedures have not been effective. Evidence of prior corrective measures and parent/legal guardian notification should be on file in the student's record.

The principal may suspend a student from school for a serious overt act although there has been no prior deviant behavior. The term of the suspension must be communicated to the student and parent/legal guardian.

A teacher may suspend a student temporarily from class until a conference can be arranged with teacher, principal, and student. Extended suspension from school or a class may be made only by the principal or discipline committee or, in small schools without designated principals, by the teacher in consultation with the superintendent.

The student may be separated from other students until parent/legal guardian removes them from campus. In no case should a student be released from campus until arrangements have been made with the parent/legal guardian.

1740:07 Student Harassment

Harassment of any student by another student or any employee, or other person under the supervision of the school is unlawful and is unacceptable and prohibited.

Teachers shall discuss this policy with their students in an age appropriate way. Any student who engages in harassment shall be subject to disciplinary action up to and including dismissal.

Each school shall adopt a harassment policy. The policy shall include a definition of harassment and procedures for reporting harassment. In addition, each school shall adopt administrative guidelines for investigating and responding to reports of harassment.

Each school's written policy shall be published in the student handbook or bulletin which is distributed to students and parents/legal guardians.

A copy of the school's policy regarding harassment shall be displayed in a prominent location in the administrative building or other location where such notices are posted for students.

A copy of the policy shall be provided as part of the orientation of new students at the beginning of the school year and to each new staff member when employed.

(See Education Code Supplements – "Model School Policy for Student Sexual Harassment" and the "Guidelines for Responding to Student Sexual Harassment Complaints" on the Mid-America Union Education Website.)

(FEA 25 55)

1960: Conflict of Interest and/or Commitment

- A. *Conflict of Interest and/or Commitment Defined—Conflict of interest shall mean any circumstance under which an employee or volunteer by virtue of financial or other personal interest, present or potential, directly or indirectly, may be influenced or appear to be influenced by any motive or desire for personal advantage, tangible or intangible, other than the success and well-being of the denomination.*

Because of the common objectives embraced by the various organizational units and institutions of the Seventh-day Adventist Church, membership held concurrently on more than one denominational committee or board does not of itself constitute a conflict of interest provided that all the other requirements of the policy are met. However, an officer, trustee, or director serving on an organization's board is expected to act in the best interest of the organization and its role in denominational structure.

A conflict of commitment shall mean any situation which interferes with an employee's ability to carry out his/her duties effectively. Elected, appointed, or salaried employees on full-time assignment are compensated for full time employment; therefore, outside or dual employment or other activity, whether compensated or not, that in any way interferes with the performance of an employee's duties and responsibilities is a conflict of commitment. A conflict of commitment also exists in situations where an employee functions contrary to the values and ethical conduct outlined in the organization's statement of ethical foundations and conduct (see model Statement of Ethical Foundations recommended by the 1999 Annual Council as guidelines for divisions) or when an employee functions contrary to established codes of ethical conduct for employees in particular professions (e.g. legal, investments).

(E 85 05)

- B. *Individuals Included Under This Policy – All trustees, officers, executive committee/board members, employees, and volunteers of denominational organizations shall be subject to this policy.* (E 85 10)
- C. *Conditions Constituting Conflict—A trustee, officer, executive committee/board member, employee, or volunteer has a duty to be free from the influence of any conflicting interest or commitment when serving the organization or representing it in negotiations or dealings with third parties. Both while on and off the job an employee is expected to protect the best interests of the employing organization. The following list, though not exhaustive, describes circumstances and conditions that illustrate conflict of interest or commitment:*
1. *Engaging in outside business or employment that encroaches on the denominational organization's call for the full services of its employees even though there may be no other conflict.*
 2. *Engaging in business or employment that is in any way competitive or in conflict with any transaction, activity, policy, or objective of the organization.*
 3. *Engaging in any business with or employment by an employer who is a supplier of goods or services to any denominational organization.*
 4. *Making use of the fact of employment by the denominational organization to further outside business or employment, associating the denominational organization or its prestige with an outside business or employment, or using one's connection to the denomination to further personal or partisan political interests.*
 5. *Owning or leasing any property with knowledge that the denominational organization has an active or potential interest therein.*
 6. *Lending money to or borrowing money from any third party, excluding financial institutions, who is a supplier of goods or services or lending to/borrowing from a trustor or anyone who is in any fiduciary relationship to the denominational organization or is otherwise regularly involved in business transactions with the denominational organization.*
 7. *Accepting or offering of any gratuity, favor, benefit, or gift or of any commission or payment, monetary or non-monetary, of greater than nominal value, in connection with work for the denominational organization other than the compensation agreed upon between the denominational organization and/or the employer and the employee.*
 8. *Making use of or disseminating, including by electronic means, any confidential information acquired through employment by the denominational organization for personal profit or advantage, directly or indirectly.*
 9. *Using denominational personnel, property, equipment, supplies, or goodwill for other than approved activities, programs, and purposes.*
 10. *Expending unreasonable time, during normal business hours, for personal affairs or for other organizations, to the detriment of work performance for the denomination.*
 11. *Using one's connections within the organization to secure favors for one's family or relatives.* (E 85 15)
- D. *Statement of Acceptance*
1. *By employees – At the time of initial employment an employee shall sign a statement indicating acceptance of the conditions of employment as outlined in the organization's employee handbook. This acceptance shall constitute the employee's declaration of compliance and resolve to remain in compliance with the Conflict of Interest and/or commitment policy. On an annual basis the employer shall provide all exempt employees, excluding seasonal workers, student employees, and student literature evangelists, with a copy of the Statement of Ethical Foundations, plus a copy of the Conflict of Interest and/or*

commitment policy, and shall inform employees regarding the duty to disclose potential conflicts of interest and/or commitment.

2. *By Administrators, Department Directors and Trustees – The chief administrator, or designee, of the organization concerned shall receive annually a statement of acceptance and compliance with the policy on Conflict of Interest and/or commitment from each administrator, department director, member of the board/executive committee, and any other person authorized to handle financial resources of the organization. Submission of the statement by persons identified above shall constitute a declaration of compliance with the policy and shall place the individual under obligation to disclose potential conflicts of interest and/or commitment that may arise during the ensuing year.*

3. *All statements of acceptance and compliance shall be reviewed annually through a process and reporting mechanism as determined by the board/executive committee of the organization.* (E 85 20)

E. Reporting Potential or Actual Conflicts of Interest or Commitment – All present and potential conflicts of interest must be disclosed:

1. *If known, in advance of any meeting, business transaction, or other activity at which the issue may be discussed or on which the issue may have a bearing on the person's approach to the issue, whether directly or indirectly; or*
2. *If not known in advance, when the actual, possible, or potential conflict becomes apparent. Disclosure must be made to the person in charge of the meeting or activity and to the full meeting, or to the person's supervisor, as appropriate. The person should remove himself/herself from the room or situation to avoid participation in all discussion or deliberation on the issue, and voting. All such actions should be recorded in any minutes or records kept. Following full disclosure of the present or potential conflict, the board or equivalent group may decide that no conflict of interest exists and invite the participation of the person.*

This policy establishes a process which is self identifying. However, third parties may report alleged conflicts in writing with supporting documentation, to an officer of the organization concerned if the employee fails to disclose a conflict or does so inadequately. The source of third party reports shall be held in confidence by the recipient unless it is required to divulge the information pursuant to a court order or if there is indication that the report is fraudulent or made with malicious intent. (E 85 25)

F. Review Process for Conflicts of Interest and/or Commitment

The officer or human resource/personnel office that receives the report of potential conflict shall inform the employee's supervisor and shall have the matter reviewed by the appropriate employing authority or by the committee assigned to review such matters. If the disclosure has come from a third party, the officer or human resource/personnel office shall inform the employee concerned and shall give the employee an opportunity to submit any information which may help in the review of the reported conflict. The decision of the employing authority or review committee as to whether or not a conflict exists shall be communicated to the employee in writing. (E 85 30)

G. Sanctions for Noncompliance – Noncompliance includes failure to:

1. *Comply with this policy;*
2. *Report accurately on the disclosure form;*
3. *Comply with decisions made by the employing authority or review committee as a result of reported potential or actual conflicts of interest and/or commitment.*

Non-compliance may result in disciplinary action, up to and including termination from employment. Termination from employment shall be processed in harmony with existing policies. (E 85 35)

Union	0.285%	Equivalent of Tithe

1. *North American Division participation in the financing of the operating expenses of education EC-12, known as "EC-12 Reversion," will be based on the equivalent of 2.5% of the gross tithe for the North American Division and shall be distributed as follows:*

2.35% – to the unions for EC-12 Fund

0.15 % – to the North American Division EC-12 Fund *(\$ 86 05)*

B. Distribution and Implementation of Union Funds

1. The North American Division distributes to the unions 2.35% of its tithe income annually. An amount equal to 74% of those funds shall be distributed to the local conferences for general EC-12 education use.

Distribution of the 74% to the conferences shall be determined by the ratio of the respective conference tithe to union tithe, applied as a percentage of the total amount allocated. These reversion funds will be disbursed on a monthly basis to the conferences.

2. In order to be eligible for the maximum distribution, a conference shall adopt a policy indicating the minimum percent of the total cost of the Conference EC-12 Education Function that the conference will fund annually.
3. A minimum of 16% of the NAD appropriation will be held at the union office for the Mid-America Union Board of Education budget.
4. All of these funds, will be distributed through the Union Board of Education budget.

The Mid-America Union will provide to each senior academy an annual matching subsidy, reimbursing one-half of the academy expenditures up to 106% of the wage factor for classroom instructional equipment purchases. The deadline for requesting subsidy for the preceding school year is November 1.

3040:94 Recent (New) Convert Subsidy

- B. Schools shall refrain from accepting gifts of land, buildings, or equipment from the government, or public tax money for capital improvements, the salaries of teachers, or the maintenance, operation, or support of the services which the schools supply.
- C. The above prohibitions shall not be construed to prejudice the acceptance of the regular functions of the public health department, nor shall they forbid the acquisition, for a consideration, of government surplus commodities.
- D. Some forms of aid to students, such as textbooks, equipment, transportation, and auxiliary services approved by the U.S. Supreme Court are considered to be a matter for the parent/legal guardian, rather than the church, to approve or disapprove. In no case, however, shall a church school cooperate in an aid program contingent on the school signing a religious nondiscrimination clause.
- E. Any government aid program not specifically covered in the provisions above shall not be accepted unless it is approved by the conference board of education, and the North American Division Church and State Study Committee.

The regular conference operating subsidy to an approved day academy shall not be less than the equivalent of two times the North American Division annual wage factor (2 x 102%).
- C. Elementary Schools (PK-10)

funds are available. A higher percent of borrowing may be permitted to these types of projects where earned income will fund the repayment of loans on a self-liquidating basis. In cases of housing for employees where earned income will fund the repayment of loans, the union may give final approval for construction and borrowing. In all cases where the full amount of the funds needed for a project is not available, the amount borrowed shall be underwritten by the local and union conferences concerned and the plan of finance approved by the next larger organization, with the exception of health care institutions.

B. Multiple Units

In the case of a building or expansion program involving one or more units in one of the larger institutions, the plan for the building program for each unit with the financial plan shall be submitted to the controlling committees for approval before commitments are made. A master building plan for the institution should be developed and submitted for approval. Such financial plan shall provide for the full amount of funds required to complete the project by cash or by yearly budgetary appropriations underwritten by the local and union conferences concerned. Construction shall proceed and obligations shall be incurred only as funds are available.

C. Cost Estimates

Cost estimates from the project's architect concerning contemplated building and improvement projects shall be submitted by organizations for approval by the appropriate committees. The estimated operating expenses of the new facility shall also be submitted.

It is recommended that all organizations conduct an assessment of their cyber-related. Cyber liability insurance must be purchased by all organizations. (S 60 25)

F. Public Liability Insurance

There is a definite trend in today's litigious society for nonprofit religious organizations to be held legally liable for accidents and injuries of every description. Therefore, it is recommended:

- 1. Denominational Properties and Operations—Liability protection should be secured on all denominational properties and operations, including new buildings under construction, products, etc., with sufficient limits to protect the assets of each respective organization. All locations should be scheduled on the same policy.*

Independent Construction Contractors—All independent construction contractors shall be required to maintain a minimum of \$3,000,000 limits of liability for major construction projects and a minimum of \$500,000 limits of liability for minor construction projects and shall provide evidence of coverage prior to commencement of construction on any denominational property. Wherever possible it is recommended to obtain higher limits of liability above the minimum limit as stated. Major construction projects would include, but not be limited to, building new structures or additions, structural changes or alterations to existing buildings, installation of heating and cooling equipment, electrical wiring, excavating, and demolition. Minor construction projects would include, but not be limited to, painting, roofing, plumbing, and floor covering. The General Conference of Seventh-day Adventists and affiliated organizations shall be named as additional insured under the contractor's policy. Also, all contracts shall contain a hold-harmless clause in favor of the General Conference of Seventh-day Adventists and affiliated organizations. Signed permission forms should be obtained from parents or legal guardians before minor-aged children are allowed to participate in activities. Medical information and release forms should be maintained on all children for use in the event of accident or injury.*

7. *Broadcasters' and Publishers' Liability* – All denominational organizations with broadcasting and/or publishing operations should have adequate coverage for their exposures included as part of their general liability insurance program.

(See S 60 10 for minimum limits of aircraft insurance for denominationally owned aircraft and C 75 25 for insurance requirements on all privately owned aircraft.)

(S 60 35)

I. *Garage and Garage Keepers' Liability Insurance*

All organizations which provide repair services on non-owned vehicles shall be responsible for obtaining adequate limits of insurance to cover the denomination's potential legal liability.

(S 60 41)

J. *Employment Practices Liability*

All organizations should carefully evaluate the risks associated with sexual misconduct, sexual harassment, discrimination and wrongful termination, and the financial impact on the entity. It is recommended that adequate limits of employment practices liability insurance be obtained to cover the denomination's potential legal liability.

(S 60 42)

K. *Workers' Compensation Insurance*

1. *Employees—Denominational organizations are encouraged to secure Workers' Compensation and Employers' Liability insurance or its equivalent on all employees. Where workers' compensation insurance is not required by law, coverage may be purchased on a voluntary basis. In some jurisdictions, volunteer workers may be included as part of the workers' compensation insurance policy.*
2. *Volunteers—Denominational organizations which utilize the service of volunteers should consider providing coverage for accidental injuries which may occur as the result of their volunteer service. Either workers' compensation or a volunteer labor accidental medical insurance policy should be used for this purpose.*
3. *Catastrophic Risks – Since the cost of Workers' Compensation Insurance is impacted by the insured's accident and loss experience, management should avoid potential catastrophes which may arise from a concentration of large numbers of employees while traveling in buses, trains, automobiles, and aircraft.*
4. *Independent Construction Contractors—All independent construction contractors shall be required to carry Workers' Compensation Insurance. Also, all independent construction contractors shall be required to file proof of such coverage prior to commencement of the construction on any denominational property.*

5. *Time off due to workers' compensation injury or illness for employees may be coordinated with the leave provisions under the Family and Medical Leave of Absence Policy E 83.*

(S 60 45)

L. Fire Protection in Denominational Buildings

Fire safety is dependent on a balanced combination of good building construction, proper attention against specific hazards, approved fire detection systems, adequate fire-extinguishing facilities, and a well-organized fire-prevention and evacuation procedure. Preventing loss of life or personal injury by fire is the first objective of all fire-protection programs. The following standards are among those which shall be applied:

1. New Construction

- a. *In the construction of new buildings, a definite effort shall be made to meet the requirements of fire-resistive construction. Special care for life safety should be given to buildings designed primarily for habitational use.*
- b. *All plans drawn for any denominational building shall be in accordance with the most recent edition of the National Fire Protection Association standards (NFPA standards apply to the United States only), uniform building codes, and other applicable safety codes, as the minimum requirement. In the event of a conflict of codes, the more stringent one shall be applied.*

2. Fire Prevention and Life Safety – All Buildings

- a. *Fire doors shall not be blocked, wedged, or fastened in the open position. Fire doors may be held only with an approved automatic self-closing device.*
- b. *Approved fire extinguishers of the proper type and quantity should be placed throughout the premises. All fire extinguishers, fire suppression and sprinkler systems should be inspected annually and tagged on a regular basis and recharged by a licensed technician.*
- c. *Electrical wiring shall be installed and maintained in accordance with the National Electrical Code.*
- d. *Installation of an approved fire detection system which signals an alarm to a central station should be considered. Such an installation greatly increases the fire protection of the building and may also reduce the fire insurance premium.*
- e. *An approved hood and vent system with an automatic fire-extinguishing system shall be provided for all commercial and institutional cooking equipment such as ranges, griddles, broilers, and deep fat fryers.*
- f. *Data processing back-up tapes and records shall be stored in a fire resistive location which is remote to the data processing center of the organization.*

3. Dormitories and Other Habitational Areas

- a. *All dormitories shall have approved interior smoke detection and fire alarm systems with power backup in accordance with National Fire Protection Association standards. These systems shall be inspected on a regular basis and monitored by a central station where monitoring is available.*
- b. *Dormitories not of fire-resistive construction shall be completely equipped with an approved sprinkler system.*
- c. *All sleeping areas shall be free of dead-end corridors and, in addition, those not located on ground level shall have a minimum of two well-separated exit stairs leading to the ground level. All outside fire escapes shall be of the stair-type only.*

(S 60 50)

M. Use of Denominational Buildings by Other Organizations

If denominational facilities are leased, rented, or lent to nondenominational organizations, the user shall be required to provide a certificate evidencing general liability insurance and an additional insured endorsement naming the corporate entity holding the title to the facility as an

additional named insured. \$3,000,000 limits of general liability insurance is recommended with no less than \$1,000,000 limits required. In addition, the nondenominational organization shall sign an agreement holding the denominational owner harmless from any liability resulting from use of the facility. Insurance shall be from an insurer rated A Class or better from A M Best. Coverage shall remain in force for the duration of the usage. (S 60 51)

3535:99 Property and Premises Security

All denominational organizations should carefully plan for the security of their property and premises. Consideration should be given to the following areas:

- A. Security Lighting—All property should be provided with adequate security lighting to provide proper illumination for public safety and to minimize the potential for vandalism and other forms of property damage.*
- B. Locked Doors and Windows—All doors and windows on denominational premises should be checked at the end of each usage to ensure that the building has been properly locked and secured after each event. A system to check out keys to employees and authorized volunteers should be utilized. It is good practice to re-key all doors whenever a number of keys have been lost or if keys have been reported stolen in order to prevent a breach in the building's security.*
- C. Security System—If security systems are utilized, they should be installed by a licensed security system contractor. The system should be monitored by a central station in order to minimize the reporting of false alarms to the local police agencies. Consideration should be given to a combined security and fire/smoke alarm system whenever possible.*
- D. Night Watch and Security Patrols—In high crime, urban areas and in high use facilities it is advisable to secure the services of a night watch or security patrol service to check facilities during the nighttime hours to assure that all buildings have been properly locked and secured.*
- E. Security Guards—If security guards are employed by denominational organizations, they should be properly trained in security techniques and practices. Security guards shall not carry firearms of any type. In the event that armed security guards are needed by a denominational entity, these services should be secured from a licensed security guard service which is bonded and insured. The security service shall provide evidence of professional liability and workers' compensation insurance to the denominational entity before the contract is executed.*

The basic employment plan for Mid-America Union educational personnel is for ten months' salary and work obligation, which is paid in 12 monthly payments, July through June.

3610:09 Salary in Relation to Certification

Application forms are available at the Mid-America Union Office of Education and through the employing organization.*

- B. Salary-step placement is established on the basis of the teaching credential currently held by the teacher and their years of service.

3612:09 Salary Adjustment - Change in Certification

- A. It is the responsibility of the educators to maintain certification and to ensure that the Mid-America Union Office of Education receives transcripts and other certification materials.
- B. Salary will be based on years of denominational employment and current denominational certification or credentials. Any increase in monthly salary through November will be made the month following the recording of transcript date in the Mid-America Union Office of Education. Salaries will be increased retroactively to the beginning of the academic year (July 1) in which the increase was granted. After December 1, the salary schedule will not be adjusted until the beginning of the next academic year. Delay of receipt of official documentation due to no fault of the teacher will not incur loss of salary. (See §3615)
- C. A teacher whose denominational teaching certificate has expired may be dropped up to two steps on the wage scale until certification is renewed.
- D. Non-degreed teachers and teachers on the conditional certificate wage scale who fail to maintain a conditional certificate by earning at least six semester hours of appropriate credit annually will remain on their current salary step until requalifying for certification.

- D. The assignment for all teachers will be for a ten-month period unless otherwise assigned. Teachers employed for less than ten months shall receive a proportionately lesser remuneration. (See §4235)

3625:09 Social Security

All educational personnel (except ordained and licensed ministers) are covered by social security through their employing organization.

3630:06 Vacations and Holidays

A. Basis for Vacations

1. Annual vacation with pay shall be provided for regular denominational employees and may be accrued and calculated on the following basis:

	<i>Vacation entitlement per year of full-time service</i>	<i>Vacation entitlement accrued per 38-hour week</i>
<i>During first four-year period</i>	<i>2 weeks</i>	<i>1.4575 hours</i>

<i>During next five-year period</i>	<i>3 weeks¹</i>	<i>2.1863 hours</i>
<i>After nine years of service</i>	<i>4 weeks¹</i>	<i>2.9151 hours</i>

¹Employees are eligible to begin accruing vacation time at the 3 and 4 week rates after completing 4 and 9 years of service or in harmony with mandated government requirements.

2. *A normal work week differing from the 38 hours will require a recalculation of the entitlement accrual rate.*
3. *Regular part-time employees shall accrue vacation time on a pro rata basis. The rate of vacation time accrual shall be on the basis of years of full-time equivalency.*
4. *Service for vacation accrual purposes shall include days worked, approved sick time, holidays and vacation days.*
5. *Individuals who become exempt denominational employees after several years of experience in work outside of denominational employment that professionally advances their ability to more effectively perform their work for the Church may be granted one year of credit toward vacation accrual for each two years of such prior service.*

(E 75 05)

B. Records

Denominational employers shall keep the necessary records for vacation accrual and vacations taken. *(E 75 15)*

C. Maximum Accrual

Vacation time may only be earned and accumulated from year to year up to a maximum of 150% of the annual vacation entitlement including current year accruals. However, an employee shall be allowed to accrue more than the maximum if the employer is unable to grant vacation at the time the employee reaches the maximum inclusive of vacation time for the current year. *(E 75 06)*

D. Termination or Retirement

At the time of termination from denominational employment or retirement all accrued but unused vacation time shall be granted. The maximum shall be up to 150% of the annual vacation entitlement, including current year accrual. *(See E 75 06.) (E 75 30)*

E. Transfers

When an employee is transferred from one denominational organization to another, accrued vacation time of up to 150% of vacation entitlement including current year accruals, shall be paid in cash by the former employer to the employee at the time of transfer. The accrued amount will be equal to the amount the employee would receive while taking vacation entitlement before the transfer or termination begins. *(E 75 25)*

F. Exempt Employees Vacation Time

Since vacation time should generally be taken in the year of accrual, it is assumed that exempt employees have taken their annual vacation accrual unless a written request is made by the employee to the employer for a carry-over to the following year or a formal reporting/ accounting system is in place which tracks the amount of taken vacation time. (See E 75 06 Maximum Accrual.) For exempt employees not covered under a formalized tracking system, two weeks of vacation is equal to 10 work days, three weeks to 15 work days, etc., and all vacation time must be taken in full day increments, not partial days, unless allowed under local state laws.*

**For those employers on non-traditional work weeks (ex. four-day work week) a week of vacation is adjusted accordingly (ex. one week of vacation is equal to 4 work days, two weeks of vacation is equal to 8 work days, three weeks to 12 work days, etc.)* *(E 75 07)*

G. Vacation Requests

A request for vacation should be made in advance except in an emergency when it is not known beforehand by the employee that leave will be needed. An absence under such circumstances should be reported immediately to the supervisor. *(E 75 40)*

H. *Holidays and Closings*

Paid holidays and office closings are at individual employer's discretion and are generally influenced by the respective organization's needs, climatic conditions, as well as national and local laws. (E 75 45)

I. Ten-month Assignment Plan

Ten-month assigned employees with one to nine years of experience receive the holidays within the employment period as vacation days (i.e. Conference identified legal holidays; Thanksgiving, Christmas, and spring breaks). Following the tenth year of experience, an additional week of pay is added to the annual salary. Should the employee be assigned to work on a holiday/vacation, compensational day(s) should be scheduled to replace the day(s) worked. School scheduled breaks and scheduled weekend leave days are not vacation days and remain assignment days assigned by administration.

3640:03 Special Summer Project and Twelve-Month Assignments

When ten-month assignment personnel are employed for special summer projects, they shall be paid approximately at the rate of 13.2% of the Wage Factor effective July 1 of the respective summer. (See the current Mid-America Union Wage Scale) Shorter periods will be prorated on a five-day week basis.

Stipends and all applicable withholdings for personnel on twelve-month assignments will be reimbursed to the employee's payroll center. If such work involves vacation time a School Board action prior to the summer activity should indicate how the vacation time will be allocated or reimbursed.

3650:05 Salary Return

The full amount of unearned salary and any benefits that have been paid to an employee on a ten-month assignment who chooses not to complete their teaching assignment shall be returned to the employer on a prorated basis. Denominational certification may be revoked where an employee chooses not to complete the teaching assignment or comply with the salary return requirements.

3655:09 Sick Leave

The following policy shall apply to the payment of salaries to certificated teachers during full-day absences from the classroom because of illness, accident, or approved absence:

A. First Ten Days

In case of absence from work because of illness or accident, salary at the regular rate shall be paid for the time away from the classroom up to a total period of ten school days during the school year. The cost of providing substitute teachers shall be included in the budgeted expenses by the employing organization.

B. Beyond Ten Days

In case of absence from work because of illness or accident, which is in excess of ten school days, the question of remuneration shall be referred to the Executive Committee of the conference board of education for resolution. (See §4160)

3660:10 Substitute Teachers' Salary

It is recommended that conferences use the following as guidelines for setting substitute pay:

- A. Two (2) percent of Mid-America Union wage scale per day for teachers with a bachelor's degree or less
- B. Three (3) percent of Mid-America Union wage scale per day for teachers with a master's degree or more

- C. In localities where community wages for substitute teachers are higher than A. or B. above, conferences and academies may increase substitute pay accordingly.

3670:14 Locally Funded Personnel

- A. All workers, whether funded by the Conference (“regular status employees”) or the School (“locally funded employees”) are employees of the Conference. Schools are not the employing organization of employees. All Conference employees, including those that are locally-funded, are subject to all code provisions that are applicable to their classification (See §4100).
- B. Teacher assistants and other classified or instructional personnel not required to hold a standard teaching credential may be paid on an hour-time.
- C. Conferences will establish policies and procedures for receiving wage-related expenses for locally funded employees.

ARTICLE 2

COMPUTATION OF ALLOWANCES AND BENEFITS

3710:99 The Journal of Adventist Education

Employing organizations (conferences, academies, colleges, and universities) are to provide the Journal of Adventist Education for all teachers at all levels. (FEB 05 30)

3715:99 Basic Moving Allowances

- A. *Employee Moving Allowances*
 - 1. *Assistance—When an employee is requested by an employing organization to move to a new location or a person is being called into denominational service, the employer may provide the following assistance:*
 - a. *An amount to cover freight/van charges and insurance up to maximums established by the employer.*
 - b. *Travel expense and a per diem as per current policy and 100 percent of the regular mileage allowance to move the employee's car or up to two cars for employee and spouse to the new field of employment.*
 - c. *A flat amount rounded up to the nearest \$10 to cover packing and other moving costs as follows: Employee – 16.5 percent of the Remuneration Factor; Spouse – 16.5 percent of the Remuneration Factor. A single parent/legal guardian with dependent children may be granted 33 percent of the Remuneration Factor as a moving allowance.*
 - d. *Automobile Registration and Excise Tax—Employees who are called to another state and who are required to pay duplicate excise tax/sales tax, license, and certification/inspection fees may report such expense on one car if they register their car within 90 days of moving to the new area. If the employee has a spouse, the above expenses may also be reported on a second car.*
 - e. *In cases where it may be necessary to negotiate a bridge loan in order to secure a home at the new location, the bridge loan interest may be reimbursed by the new employer for the same time period during which the employee is eligible to receive duplicate housing allowances in addition to the duplicate and special housing allowance. This bridge loan interest would be considered outside of the ceiling for which special assistance may be given.*
 - 2. *Maximum Assistance—The allowances referred to in b., c., and d. shall be limited to two vehicles and two flat moving allowances per family even though both spouses are employed.*

3. *Sharing Moving Expenses*—When calls are extended to a husband and wife to join two different denominational institutional organizations in the same area, the cost of moving shall be shared by the calling organizations. However, when the initial call is for one spouse and the other spouse obtains employment, the organization that initiates the primary call shall be responsible for the full cost of the move.
4. *Tax Law Changes for 2018*—With the tax law changes in 2018 in the United States, making all of the moving expenses/reimbursements taxable, the employing organization may offer up to 35% for the tax assistance on the total allowable moving expense to cover the additional taxes due from the employee move. This is retroactive to January 1, 2018. This policy would also apply to retiring employees.

(Y 23 05)

B. Retiring Employee's Moving Allowance

A retiring employee may be granted assistance for one actual move to the place of retirement if the employee has been moved at denominational expense during his/her career.

1. *Authorized Expenses*—When an employee retires, the employing organization may arrange to pay the moving expense for household goods, and transportation expense including mileage, tolls, hotel and per diem by the most direct route based on 500 miles per day to the place of choice in the North American Division. If the employee's service credit is less than thirty years, the employing organization may pro-rate the move expense based on years of actual service credit.
2. *Other Move Policies*—The provisions of Y 23 05, paragraph 1-c., d., and e. do not apply to this move.
3. *Timing*—The Retirement move must occur within ten years after retirement for retirements occurring after December 31, 2020. For retirements on or before December 31 2020 the time period is five years.
4. *Form of Payment*—At the discretion of the employer, the move may be arranged by the employer, a cash settlement may be paid directly to the employee, or actual expenditures may be reimbursed.
5. *Division of Expenses* – If both spouses are denominationally employed by different employers at the time of retirement, and are holding a position normally moved at denominational expense, the assistance shall be shared equally by the two employers.
6. *Tax Obligation*—The retiring employee shall be responsible for any tax obligation accruing due to such assistance provided.
7. *Other Applications*—Employers may apply the provisions of this policy in the case of a move due to the death of an eligible employee even if the death is prior to retirement or retirement eligibility.

(Y 23 10)

C. Additional Housing Assistance

1. Duplicate Housing

- a. *Initial Assistance*—When an employee is moved from one location to another, and because of the conditions of his/her lease or failure to sell or rent his/her home, he is required to pay housing expenses both at his/her former location and at his/her new location, an allowance may be granted to cover the time when payments are being made at both locations and both homes are habitable. The allowance may be granted under normal conditions up to three months.
- b. *Unusual Circumstances*—In unusual circumstances when the employee has not been able to sell the home at his/her former location and evidence is presented indicating that the asking price for said home at the end of the three-month period referred to in 1. was no more than 100 percent of an appraisal provided by an independent appraiser, up to an additional three months' assistance may be granted. An independent appraiser shall be

understood to be a qualified appraiser such as may be contacted through banks or home loan associations. Real estate agents shall specifically be excluded from this group. The reasonable cost of such appraisal will be reimbursed by the employing organization.

- c. Extreme Circumstances—If the employee has not been able to sell the home after having received an allowance for six months because of extreme circumstances, the allowance may be continued for a further period of up to six months if the asking price for the said home is not more than 95 percent of the appraisal during this period.*
 - d. Amount—When granted, the monthly allowance shall be the actual expense for principal and interest, property taxes, and insurance up to 100 percent of the cost factor (housing/utilities/property tax of the Relocation Analysis Report) as indicated by ERI for which the employee was eligible at the former location. Fifty percent of any rental income shall be deducted from the allowance.*
- 2. Sharing of Loss on Sale—In view of the importance of pricing a home correctly before it is placed on the market, and due to the critical importance of the first 30 days in the sale of the property, both the employee and the new employer may agree at any time during the selling process that in lieu of spending all the duplicate housing allowance provided in Y 16 06, items 1 through 4, the property may be placed for sale at less than one hundred percent of market value as determined by current appraisal. The cost of the reduction may be shared between the new employer and the employee at an agreed upon ratio on an individual basis. The employer cost is not to exceed the maximum duplicate housing allowance provision.*
 - 3. Purchase of Employee's Home— If in the course of transitioning an employee from one location to another, the employing organization decides that it is in its best interest to acquire the home where the employee currently lives, in order to facilitate the relocation of the individual to the new job assignment, the employing organization may exercise that option with the approval of the governing committee and where applicable, the association or corporation. The home shall be appraised by a third party, and the price will be set excluding realtor fees.*
 - 4. Coordination of Benefits— The employing organization should discuss the options available to the employee, and should avoid the unnecessary multiple application of the provisions of this policy.*

(Y 16 06)

3720:99 Amortization of Moving Expense

The moving expense of denominational employees shall be amortized as follows:

- A. Any organization calling an employee who has rendered less than two full years of service to the employing organization shall make 100 percent reimbursement for the employee's last move to the territory of that organization. In case the employee has rendered more than two but less than three full years of service, the reimbursement shall be 50 percent, and for less than four years, 25 percent. Any exception to this may be worked out on the administrative level.*
- B. If a ministerial intern who has entered upon field service is called between organizations, the above policy relating to the moving expense of regular employees shall apply.*
- C. It shall be the responsibility of the calling organization to ascertain whether there are any unamortized expenses pertaining to the employee being called.*
- D. In the case of employees called for service outside the North American Division, employing organizations are encouraged to waive the provisions of this policy.*
- E. In the case of an employee being called from the General Conference, the principles outlined in paragraph 1 (A) above shall be followed and applied to any move which has been made within the past four years involving a distance greater than 500 miles.*

(E 45 71)

3725:99 Housing Assistance

- A. *Remuneration Factor*—The remuneration factor and the implementation of cost-of-living granted to the employee include a provision for housing. In the US the full implementation of the Relocation Assessor published by the Economic Research Institute, Inc. (ERI), provides the employee with adequate housing assistance for the area where the employee resides. Housing assistance may be granted only by following the ERI cost-of-living indicators. No additional housing allowances may be granted, except as provided for in Y 16 06. (See §3715 C.)
- B. *General Eligibility Requirements*—It is recommended that housing provided by the employer should be charged to the employee at current community rates or at the rate indicated by the ERI indicator for the location where the employee is employed, whichever is less. Any variance to this recommendation is to be approved by the next higher organization. In the case of boarding academy personnel who are requested to live in school-owned houses or dormitory quarters as a condition of employment, the rate of rent charged shall be at least 75 percent of the community rate. This same rate will apply to conference and camp caretakers.
- C. *Employee-Owned Housing*—Employees are encouraged, whenever possible, to own housing in, and make adequate provision for housing free-of-debt by the time they are no longer in active service. When an employee purchases housing, he/she accepts the full responsibility involved in home ownership. The employee should, however, counsel with his/her employer as to the appropriate geographical area for his/her new home that will best serve his/her needs and the needs of the employer.
- D. *Parsonage Allowance*—Where a parsonage allowance is granted to the employee under existing government regulations, the maximum amount of said allowance shall be stipulated annually by the respective union committees. (Y 16 05)

3740:99 Adoption Assistance

Full-time employees may be granted assistance of 75 percent of the medical and legal expense and adoption agency fees incurred in the adoption of children if the adoption is completed. The maximum assistance to be granted shall not exceed the equivalent of up to two times the current monthly Remuneration Factor. This assistance shall be limited to one allowance per child. (Y 26)

3745:99 Tuition Assistance for Children of Employees

- A. *Christian Education*—Employees are encouraged to support the Church's philosophy of Christian education by enrolling their children in Seventh-day Adventist schools for the purpose of assisting youth in making a decision for and commitment to Christ, thus perpetuating the practice of Seventh-day Adventist beliefs and teachings, enlarging the reservoir of future church employees and lay church leaders, providing a positive example, and reducing the possibility that the children adopt a lifestyle that is not in harmony with the teachings of the Church.
- B. *Eligible Employees*—Regular full-time Church employees in administrative, professional, and supervisory positions (those considered to be exempt from Federal and state wage and hour laws) are expected to send their children to Seventh-day Adventist denominationally owned and operated schools and are provided assistance on the tuition expense for their children who are enrolled in denominationally owned and operated EC-12 schools or liberal arts college/university levels, including a fifth year of college/university, or additional course study required to secure necessary credentials/certification.
- C. *Students Eligible for Tuition Assistance*—To be eligible for tuition assistance the student must be:
 - 1. An unmarried dependent of the employee.
 - 2. Less than twenty-four years of age unless the student has given compulsory military service, volunteer service for the Church, or has a documented medical consideration.
 - 3. Eligible to be claimed as a dependent on the employee's income tax return and meet one of the following requirements: the student must be born to, legally adopted by, the employee and/or spouse appointed under the guardianship or legal custody (not temporary custody) to the employee, or is a stepchild by marriage.

4. *Assistance—The employer for the eligible employee may provide assistance on tuition and all required fees as follows:*
 - a. *College & University – 70 percent for dormitory students, and 35 percent for those not in the dormitory. Starting junior year or 5th semester, 70 percent subsidy may apply to those students residing in university/college owned off-campus housing, excluding parents' or relative's house.*
 - b. *Academy – 70 percent for boarding students. 35 percent for day student.*
 - c. *Elementary – Assistance at 35 percent, beginning with Kindergarten*
In cases where an employee's church provides a subsidy to cover the differential between constituent and non-constituent tuition rates for elementary and secondary schools, the tuition assistance from the employer shall be based on the net tuition expense to the employee. Charges for private music lessons are only covered if the course is required for credit for the student's major or minor.
- D. *Professional Programs—Assistance provided for professional programs not requiring an undergraduate degree before beginning graduate study shall be based on, and shall not exceed, the normal tuition costs for a maximum number of semesters or quarters as listed in Y 24 05-7.*
- E. *Limitation on Assistance—Assistance shall be provided for a degree program for a maximum of ten semesters or fifteen quarters (or a combined equivalent).*
- F. *Summer Sessions—Students who attend summer sessions shall be eligible for tuition assistance. Such attendance shall not count against the maximum semesters or quarters referred to in Y 24 05-7.*

- I. *Adventist Colleges/Universities Abroad students receive 70% assistance based on the cost of tuition at the home campus where they are registered.*
- J. *Method of Payment—Assistance for students shall be made directly to the invoicing school.*
- K. *Division of Assistance—When both employee and spouse are denominationally employed by separate organizations and both provide tuition assistance according to this policy, each organization shall be responsible for one-half of the assistance. The method of paying the assistance and dividing the cost may be mutually agreed on by the organizations concerned. Only one tuition assistance shall be provided per student.*
- L. *Exceptions—This policy is intended to apply only to employees' children who attend Seventh-day Adventist denominational schools. Exceptions may be made as follows:*
 1. *Attendance at privately operated Seventh-day Adventist schools approved by the conference.*
 2. *A child, because of unique personal circumstances such as documented abuse or learning disabilities, may need to attend a non-Adventist school.*
 3. *In cases where an undergraduate-level program of study or a trade/vocational program is not offered in a denominational school in the North American Division, the total assistance shall not exceed the amount which would normally be granted for attendance at a denominational school in the student's union.*
- M. *Employees Disabled—This policy would extend tuition assistance to the dependents of employees who become disabled as outlined in Y 33. Assistance would be continued through the school year in which the employee's elimination period occurs, but in no event would it be carried more than one school year.*

3750:09 Transcript Release - Indebtedness to a College

In order to check the transcript of credits of an applicant for certification who is indebted to a college or university, the applicant shall request release of a transcript to the Mid-America Union for certification purposes only. All participating organizations shall pay a monthly premium as determined by the insurance company to the insurance company selected by the NAD Risk Management Committee.* (Y 34 15)

3775:09 Bereavement Travel

No provision is made to cover travel costs incurred as a consequence of bereavement leave. (See §4150)

3779:09 Continuing Education Assistance

The employing organization should fund an annual budget up to a maximum sum equal to 3.4% of wage factor in effect at the time of course completion times eight (8) academic-credit hours. This reimbursement is paid on the basis of each academic hour successfully completed. It is to cover expenses such as travel, textbook and supplies, and living costs. These funds may also be used for tuition at a college or university other than the La Sierra University Extended Campus Program or

Union College MAUC approved courses. To qualify for these inservice grants prior approval must be given by the individual's employing organization.

3780:00 LSU/UC Summer School

- A. Each summer La Sierra University offers an extended campus Master's Degree program on the campus of Union College. Union College provides undergraduate courses.
- B. The LSU/UC courses are tuition-free, plus one official transcript per student, for Mid-America Union education personnel as approved by the sponsoring Conference Office of Education. Funding is provided as follows: Mid-America Union Office of Education (20%) and the local conferences (80%).
- C. The annual finance plan includes the amount paid to La Sierra University and an amount paid to Union College equal to .031% of Mid-America Union tithe from two years prior to the budget year. The 80% paid by the local conferences will be divided among the respective conferences using percentages calculated from conference tithe total as related to the MAU tithe total two years prior to budget year.

3782:99 Graduate Study Assistance

Educational institutions, conferences, and unions encourage the professional development of employees by providing financial assistance to attain post graduate degrees. By enabling employees to fulfill high personal and professional goals, Adventist education is greatly enhanced through the benefits of such programs for employees. While the Church wishes that financial resources existed to support all employee categories to the same extent, recognition is given to varied expectations for different levels and employee groups in education. A Master's degree is generally considered an acceptable terminal degree for EC-12 teachers. It is usually considered more essential that the EC-12 administrators and conference and union office of education personnel possess a doctoral degree, but EC-12 teachers who have doctorates are real assets to their schools. (FEA 37 05)

- A. *Master's Degree—EC-12 education employees studying for a Master's degree shall receive financial assistance from the employing organization in harmony with union conference policies. When such assistance is granted it is usually on a part-time basis, such as during summers, or during the regular school year while working. Financial assistance for EC-12 educational personnel usually consists of free tuition at the union's college on the basis of arrangements made between the union and college, or the payment of tuition and required fees, in accordance with union policies, to another institution offering a graduate program appropriate for the employee. Because of the difficulty of EC-12 administrators and conference and union office of education personnel to take a complete break from their administrative responsibilities while studying, they generally would receive both tuition assistance and salary considerations. (FEA 37 15)*
- B. *Amortization for Master's Degree—Assistance given during the summer or school year for part-time study on a Master's degree shall be amortized by one year of service following the study. Upon receipt of the Master's degree the education employee will be obligated to serve his/her employing organization for one year. Whatever graduate expense has not been amortized by previous service will be amortized by this one year of service, or it shall be the liability of the employee or the calling organization. If a full-time leave of absence is granted, the amortization schedule developed for doctoral study shall be applied. A summer's leave of absence for study for a Master's degree shall be amortized by one year of service following the study.*
 - 1. *Full-time leave of absence—A full-time leave of absence shall consist of at least twelve (12) or more weeks of assisted study leave with no regular work responsibilities.*
 - 2. *Part-time study leave—A part-time study leave shall include summer school classes or not more than two classes per quarter or semester during the school year while continuing regular or reduced work responsibilities. (FEA 37 20)*

- C. *Doctoral Degree*—EC-12 educational employees who are approved by their employing organization for a full-time leave of absence for advanced study toward a doctorate degree shall receive an assistance allowance that may include the following:

1. *Salary and allowances as per employment agreement.*
2. *Assistance for tuition and fees.*
3. *Assistance for research and dissertation expense up to a maximum of two (2) times the Remuneration Factor.*
4. *Negotiated travel expense, if warranted.*

A written contract is to be entered into which clearly states the type and amount of assistance to be granted. The allocation of funding assistance for each participating entity will be determined by union policy. (FEA 37 25)

- D. *Amortization for Doctoral Degrees*—For employees granted a full-time leave of absence, the total doctoral study expense shall be amortized annually in an amount equivalent to five times the Remuneration Factor or one-seventh of the total expense, whichever is greater, for each full year of service. For employees granted part-time doctoral study, financial assistance given during the summer or school year shall be amortized by one year of service following the study. Upon completion of the doctorate, employees on part-time study leave will be obligated to serve the institution for one year. Whatever graduate expense has not been amortized by previous service will be amortized by this one year of service, or it shall be the liability of the employee or the calling organization. (FEA 37 30)
- E. *Call to Another Organization*—When an educational employee with an unamortized graduate expense is called to another organization, it shall be mutually agreed upon in writing by the two organizations, before the call is actually passed to the teacher employee, as to whether this amount is to be paid in one sum or over a period of time. (FEA 37 35)
- F. *Discontinuance of Denominational Employment*—The unamortized balance in the unamortized graduate study expense account for employees who have taken a full-time leave of absence is the responsibility of those employees if they leave denominational employment. Employees, who have been on part-time study leave but have not worked a full year to amortize the assistance received, are responsible for reimbursing the employing organization a proportionate amount. (FEA 37 40)

3785:91 Advanced Studies – Superintendent

When a superintendent or associate superintendent is authorized to take graduate work, the tuition and fees shall be paid by the employing organization, and amortized by a plan agreed to in advance by the two parties.

CHAPTER 1 – EMPLOYMENT PHILOSOPHY & GENERAL POLICIES

4000:13 Employment Philosophy for Mid-America Union Conference Education Institutions

The primary purpose of Adventist schools is to carry on the mission of the Seventh-day Adventist Church. This purpose is the basis for all employment relations. Employment policies have as their goal the furtherance of God's work through the church and the expectation that employees will demonstrate their commitment to this mission. Therefore, in employing personnel for its educational institutions, one of the qualifications for any position is that the applicant shall be a Seventh-day Adventist who is committed to the mission of the church

The basic teachings and international nature of the Seventh-day Adventist Church require that its institutions be committed in philosophy and practice to the doctrine of equal human rights. The church insists that all persons should be given full and equal opportunity within the church to develop the knowledge and skills needed for the up-building of the church. Within these parameters, positions on all levels of church activity are open on the basis of qualifications, without regard to race, color, gender, national origin, age, disability and any protected categories under applicable state laws and local ordinances.

4001:13 Religious Beliefs and Practices Exception - Employment

For Seventh-day Adventists the free exercise of religion includes the right to operate educational institutions that are distinctively Seventh-day Adventist. The creation and maintenance of such institutions require that they be staffed only by those individuals who are in complete harmony with the beliefs and practices of the Church. Hence, in the employment of personnel for its educational institutions one of the occupational qualifications for any position is that the individual must be a Seventh-day Adventist, committed to the program of the Church.

School boards and conference boards of education shall, officially and in practice, abide by the following policies relating to employment: Equal employment opportunities shall be afforded to all on the basis of qualifications, without regard to race, color, gender, national origin, ancestry, physical handicap, age, height, weight, marital status, or prior military service. Inasmuch as the personal life and the professional identity of an individual are inseparable, all employees are expected to conform to the standards of conduct that are in harmony with Seventh-day Adventist principles. (FEA 05 30)

CHAPTER 2 – AUTHORITY TO EMPLOY

4005:13 Employer

Employment Policies—For educational personnel, responsibility for employment policies resides with the union conference board of education, and is published in the Mid-America union education code. Local conference boards of education are responsible for implementing these personnel policies with educational personnel. (FEA 35 45)

The conference board of education is the administrative authority for the conference educational system. To assure effective and orderly operation of the schools within the conference, the conference board of education delegates certain discretionary and administrative functions to School Boards.

The employment, assignment, transfer, or termination of personnel are functions of the conference board of education. Although the conference board of education may delegate certain discretionary and administrative functions for the operation of schools to School Boards, such committees are required to cooperate with the conference board of education and the superintendent in the operation of schools in accordance with educational and NAD policies.

All workers, whether funded by the Conference (“regular status employees”) or the School (“locally funded employees”) are employees of the Conference. Schools are not the employing organization of employees. All Conference employees, including those that are locally- funded, are subject to all code provisions that are applicable to their classification (See §4100).

Schools are responsible to the Conference for their actions regarding all employees, whether regular-status or locally-funded and their compliance with the policies and procedures set out in this Code.

4008:13 Employment Offer

- A. A written employment offer letter may be issued by the employing organization. Such offer letters shall not be construed in any manner as contracts of employment.
- B. In most cases, education personnel will be employed for a twelve-month period but assigned for only ten months of duties, receiving a ten-month salary in the form of twelve monthly payments.
- C. Employees must acknowledge their acceptance of the employment offer by returning the signed/acknowledged offer letter within thirty days of issuance. Failure to return the signed/acknowledged offer letter within thirty days of issuance, will be considered a rejection of the employment offer.
- D. The employment offer letter should include, but not be limited to, the following:
 - 1. The identification of the employer and the employee
 - 2. The school of assignment and date upon which employment shall commence
 - 3. The amount of hourly wages or salary to be paid
 - 4. Employment status (Level I, II or III for certificated and administrative employees; “At Will” for classified employees).
 - 5. The employing organization and other denominational organizations, such as the Mid-America Union Conference, have adopted various policies, procedures, codes and rules (collectively the “policies”) that apply to employment of educational employees. Educational employees are responsible for complying with these policies, including but not limited to the Mid-America Union Conference Education Code and any Conference Working Policies, during their employment with the Conference. All such policies are not contractual in nature and do not constitute any employment contract with educational employees.

CHAPTER 3 – GENERAL

4050:16 Records

Maintaining the service records shall be the responsibility of the Human Resources director or the individual assigned Human Resources responsibilities of the employer. (E 70 15)

Records of service for all denominational employees shall be kept in permanent form. This record shall be kept on the form approved by the North American Division Committee.

All employees shall receive a copy of their service record annually.

Payroll records must accurately identify time worked and also credit time for vacations, sick leaves, and holidays.

Employees and former employees (where required by applicable law) will be provided access to their employment records in accordance with state law.

4060: Auto Insurance

An employee who uses a personal automobile in connection with employment is required to carry auto insurance as set forth in this Code. (See §3515.)

4070:16 Harassment

A. Working Environment

The North American Division values the dignity of all human beings as children of God and recognizes its responsibility to all employees to maintain a working environment free from harassment. It endeavors to achieve this environment through educating employees that harassment violates the law and will not be tolerated by the Division. The North American Division also endeavors to prevent harassment by publishing this policy, by developing appropriate sanctions for misconduct, and by informing all employees of their right to complain of harassment.

To maintain a work environment free of harassment and assist in preventing inappropriate workplace conduct, the North American Division expects each NAD organization to take the following actions:

- 1. Develop a harassment policy and complaint procedure;*
- 2. Designate an officer to serve as the individual to whom complaints of harassment can be made in addition to an employee's departmental director;*
- 3. Supply each employee with a copy of the harassment policy and complaint procedure; and*
- 4. Have each employee acknowledge receipt of this policy and complaint procedure, which will be maintained in the employee's personnel file. (E 84 05)*

B. Employee Personal Conduct

Employees of North American Division organizations are to exemplify the Christ-like life and should avoid all appearances of wrong doing. They should not engage in behavior that is harmful to themselves or others or that casts a shadow on their dedication to the Christian way of life. Personal attire, posters, banners, bumper stickers, tags, flags, and other symbols whose message, historically or currently, is, or could reasonably be construed to be, one of prejudice, discrimination, or that is inflammatory, must not be displayed anywhere on the premises of the North American Division or its organizations, or while representing the North American Division in any capacity. Employees should respect and uplift one another. Employees should never be placed in a position of embarrassment, harassment, ridicule, belittlement or disrespect because of their, gender, race, color, national origin, age or disability. To do so would be a violation of God's law and civil laws protecting human rights and governing workplace conduct. (E 84 10)

C. Sexual Harassment

Sexual harassment is a form of harassment that involves unwelcomed sexual advances, requests for sexual favors or other verbal, written or physical conduct of a sexual nature when:

- 1. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment; or*
- 2. Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting an individual; or*
- 3. Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creates an intimidating, hostile or offensive working environment. (E 84 15)*

D. Improper Conduct

Improper conduct by the employer, co-workers and, in some instances, non-employees includes, but is not limited to:

- 1. Any subtle or other pressure or request for sexual favors or activity, including any suggestion that an applicant's or employee's giving in to or rejecting sexual advances will have an effect on that person's employment or terms of employment;*
- 2. Unwelcomed sexual flirtation or propositions;*
- 3. Unnecessary or inappropriate touching of a sexual or abusive nature (e.g. patting, pinching, hugging, repeated brushing against another person's body);*

4. *Displays, whether worn on the person, displayed in offices or on personal vehicles parked in parking lots used by the North American Division or its organizations sexually suggestive pictures, drawings, cartoons or objects or other erotica;*
 5. *Threats or demands for sexual favors;*
 6. *Unwelcomed or derogatory statements related to gender, race, color, national origin, age or disability (for example, kidding, teasing, degrading jokes or offensive comments or tricks);*
 7. *Demeaning or degrading comments about an individual's appearance;*
 8. *Denying an employee the opportunity to participate in training or education on account of gender, race, color, national origin, age or disability;*

 10. *Requiring a protected employee to perform more difficult tasks or less desirable work assignments in order to force them to retire or resign from employment.* (E 84 20)
- E. *Reporting Incidents*
Employees who believe that they have been harassed should immediately take the following steps:
1. *Make it clear that such conduct is offensive and should be stopped immediately; and*
 2. *Report the incident to the immediate department director or to the designated officer of the organization to whom complaints can be made. The initial report should be followed by a written statement describing the incident and identifying potential witnesses.* (E 84 25)
- F. *Third-Party Reports*
Employees who are aware of incidents of potential workplace harassment toward others are to report such incidents to their department director or the designated officer to whom complaints can be made. (E 84 30)
- G. *Investigation*
Complaints of harassment shall be promptly handled and maintained in confidence to the extent possible. (E 84 35)
- H. *Discipline*
A violation of this policy will result in discipline, up to and including dismissal from employment. (E 84 40)
- Prohibition of Retaliation*
The North American Division prohibits retaliation against employees complaining of harassment. (E 84 45)

CHAPTER 4 - LICENSING

4080:13 Credentials and Licenses

Denominational employees shall be classified and accredited by the employing organization (see E 10) according to the categories listed below. No person shall be included in more than one category at the same time. Any union that wishes to issue credentials other than those categorized below, may do so with prior approval of the General Conference Executive Committee at Annual Council, upon the recommendation of the North American Division Executive Committee. Only those with Ministerial Credentials, Commissioned Minister Credentials, Ministerial License and Commissioned Minister License holders are eligible for parsonage allowance. This exclusion was initiated by the United States government for ordained pastors only. The Church has created the commissioned credential and license for those who are not on the ordination track but are in pastoral or ministerial work. L 32 and L 33 clarify the requirements for receiving this credential. (E 05 05)

Teachers - Educators – As denominational employees all Seventh-day Adventist educators in Seventh-day Adventist schools at all levels shall be classified and accredited by the employing organization according to categories listed below.

A separate and distinct K-12 educators' certification process has also been established by the NAD Office of Education to recognize personal and professional qualifications and continuing education requirements for educational employees. Employing organizations shall verify that K-12 educators are Seventh-day Adventist members qualified for working in a school environment as prescribed by all applicable policy. (E 05 20)

The following is provided to aid the employer in differentiating between hour-time and salaried personnel for remuneration purposes.

- A. Administrative, Personnel
An individual employed in a bona fide administrative role is one:
 1. Who receives no less than \$455 per week exclusive of board, lodging, etc., and whose primary duty is the performance of office or non-manual work directly related to the management or general business operations of the employer or the employer's customers; and

4115:13 Rates

- A. Exempt (Salaried) Personnel
Individual rates for salaried employees are determined annually by employing organizations. The salary rates follow categories established in the Mid-America Union Conference Wage Scale. In addition to salary, the employee will receive additional benefits as per conference policy. (See §3605.)

Salary increments within the steps established in the remuneration policy are based on the following criteria:
 1. Denominational certification.
 2. Years of service
- B. Non-exempt (Hour-time) Personnel
Where not specifically identified on the established Mid-America Union Conference Wage Scale, hour-time personnel are generally paid on a community-wage basis.

 3. *Regular part-time employees shall accrue vacation time on a prorata basis. The rate of vacation time accrual shall be on the basis of years of full-time equivalency.*
 4. *Service for vacation accrual purposes shall include days worked, approved sick time, holidays and vacation days.*
 5. *Individuals who become exempt denominational employees after several years of experience in work outside of denominational employment that professionally advances their ability to*

more effectively perform their work for the Church may be granted one year of credit toward vacation accrual for each two years of such prior service. (E 75 05)

(E 75 06)

LEAVES AND ACCOMMODATIONS**

4150:13 Bereavement

An absence up to three days, with no loss of salary may be granted to an employee in case of a death in the immediate family. The immediate family is defined as the employee's spouse, children, and grandchildren, as well as the grandparents, parents, brothers and sisters of either the employee or spouse. Unusual cases shall be considered on an individual basis by the employing organization.

No provision is made to cover travel costs incurred as a consequence of bereavement leaves.

4155:13 Jury Duty

Employees will receive their regular compensation while on jury duty. The cost of a substitute teacher will be paid by the employing organization. The employee is to report for work on the next full working day upon release from jury duty.

4160:16 Family and Medical Leave of Absence

The Family and Medical Leave of Absence policy of the North American Division, effective August 5, 1993, and as amended by the National Defense Authorization Act (NDAA) amendments (effective January 16, 2009), outlines the conditions under which an employee may request time off with or without pay for a limited period with job and accrued benefit protection. (E 83 05)

A. For the purposes of this policy:

1. whether an individual is a "spouse" (a husband or wife) will be determined in compliance with applicable federal and state laws. Spouse, husband or wife refers to the person with whom an employee has entered into marriage (i) as defined or recognized in the state in which the marriage occurred, or (ii) if the marriage occurred outside of the state, if valid in that place and the marriage could have occurred in at least one state.
2. "son or daughter" are limited to children under age 18. However, an adult child (age 18 or older) also qualifies as a "son or daughter" if he or she (i) has a mental or physical disability, as defined under the Americans With Disabilities Act, as amended; (ii) is incapable of self-care because of that disability; (iii) has a serious health condition; and (iv) is in need of care due to a serious health condition. FMLA military leaves have specific definitions of son or daughter that are unique to those provisions.
3. "serious health condition" means an illness, injury, impairment or physical/mental condition that involves inpatient care in a hospital, hospice or residential medical care facility, or

continuing treatment by a healthcare provider as defined in the FMLA. Ordinarily, unless complications arise, the common cold, flu, earaches, upset stomach, ulcers, headaches (other than migraines) and routine dental or orthodontia problems are examples of conditions that DO NOT constitute a serious health condition and do not qualify for FMLA leave.

B. Family or Medical Leave

A family and/or medical leave of absence shall be defined as an approved absence of an eligible employee for up to either twelve or twenty-six (for specified military-related leave described below), and within a twelve-month period under particular circumstances that are critical to the life of a family. Leave may be taken by an eligible employee for the following reasons:

1. *Birth of an employee's child (up to 12 weeks);*
2. *Placement of a child with an employee for adoption or foster care (up to 12 weeks);*
3. *Need for an employee to care for a child, spouse, or parent who has a serious health condition (up to 12 weeks);*
4. *When an employee is unable to perform the functions of his/her position because of a serious health condition (up to 12 weeks);*
5. *Because of "any qualifying exigency" arising out of the fact that a covered military servicemember (spouse, son, daughter or parent), serving in the National Guard and Reserves, is on active duty or called to active duty status in support of a contingency operation (up to 12 weeks);*
 - a. *"Qualifying exigencies generally include:*
 - i. *Short-notice-deployment*
 - ii. *Military events and related activities*
 - iii. *Childcare and school activities*
 - iv. *Financial and legal arrangements*
 - v. *Counseling*
 - vi. *Rest and recuperation*
 - vii. *Post-deployment activities; and*
 - viii. *Additional activities agreed to by the employing organization and the eligible employee.*
6. *For eligible military caregiver of a military service member to care for the covered service member with a serious illness or injury incurred in the line of duty on active duty (up to 26 weeks).*

(83 05)

D. Scope

The provisions of this policy shall apply to all qualifying family, exigency, military caregiver and/or medical leaves of absence approved for eligible employees for the reasons described in E 83 05.

(E 83 10)

E. Unpaid Leave

Family, qualifying exigency, military caregiver and/or medical leaves of absence shall be unpaid. However, if eligible employees have accrued paid leave benefits under employment benefit plans or policies of the employer for example, sick pay and vacation, the employees will be required to use those accrued benefits to provide compensation during all or any part of the twelve or twenty-six weeks leave. If the employee's paid benefits are exhausted, the remainder, if any, of the family, or medical leave will be unpaid. The use of accrued benefits will not extend the duration of a family or medical leave.

(E 83 15)

F. Eligibility

To be eligible for leave under this policy an employee must be employed in the United States, must have been employed by the employer for at least twelve months in total, must have worked for the employer at least 1250 hours during the twelve-month period immediately preceding the commencement of leave, and where applicable, must be a family member of a covered servicemember.

For purposes of eligibility, all full-time teachers of an elementary or secondary school system or institution of higher education, or other educational establishment or institution, and all exempt employees, are deemed to meet the 1250-hour test unless the employer can clearly demonstrate that the employee did not work 1250 hours during the previous twelve-months.

All denominational employees within the United States who meet the above eligibility requirements, regardless of the size of the employer or the location of the work site, are eligible for family and medical leave. Church employees outside of the United States shall also meet any requirements for leave under their jurisdictions. (E 83 20)

G. Reinstatement

An employee who takes leave under this policy will be able to return to the same job or a job with equivalent status, pay, benefits, or one which requires substantially equivalent skill, effort, responsibility and authority.

1. Determination

The determination of how any employee of an elementary or secondary school is to be restored to an equivalent position upon return from Family and Medical Leave of Absence leave must be made on the basis of established North American Division or school board, conference, or board of education policy. Such policy must be in writing, must be made known to the employee prior to the taking of Family and Medical Leave of Absence, must clearly explain the employee's restoration rights upon return from leave, and must provide substantially the same protections as provided by the Family and Medical Leave of Absence for reinstated employees.

2. Exemption from Family and Medical Leave of Absence Act Policy

The employer may choose to exempt certain salaried, highly compensated "key" employees from this requirement and not return them to the same or similar position.

3. Completion of Leave

Once leave has been completed, the employee must submit obtain job-related certification from the physician or health care provider that the employee is able to resume work. (E 83 25)

H. Basic Requirements and Conditions of Leave

1. Certification—*The employer will require medical certification to support a claim for leave for a qualified employee's own serious health condition or to care for a seriously ill child, spouse, parent or service member.*

The employer may require a second medical opinion and periodic recertification at its own expense. If the first and second opinions differ, the employer, at its own expense, may require the binding opinion of a third health care provider approved jointly by the employer and the employee.

2. Fitness for Duty Certification—*All returning employees will need to obtain a job related fitness for duty certificate from the attending physician or health care provider prior to his/her return to work if the Family and Medical Leave of Absence leave taken was based on the employee's own serious health condition. If a safety concern exists, a fitness for duty certification may also be required where the employee has taken intermittent leave.*

3. Temporary Alternative but Equal Position—*If medically necessary for a serious health condition of the employee, his/her spouse, child, parent or service member, leave may be taken on an intermittent or reduced leave schedule. If leave is requested on this basis, however, the employer may require the employee to transfer temporarily to an alternative, but equivalent in pay and benefits, position which better accommodates recurring periods of absence or a part-time schedule.*

a. *When an instructional employee (one whose principal function is to teach and instruct students) of an elementary or secondary school requests intermittent or reduced leave for planned medical treatment for more than twenty percent of the total number of working days in the period during which the leave would be used, the employer may require the employee to elect either to:*

- i. *Take leave for a particular duration of time which is not greater than the duration of the planned treatment, or*
 - ii. *Be transferred to an equivalent alternative position.*
- b. *Exempt employees will not be docked for Family and Medical Leave of Absence of less than one day. NOTE: Leave for a particular duration means a block, or blocks, of time beginning no earlier than the first day for which leave is needed and ending no later than the last day on which leave is needed, and may include one uninterrupted period of leave. The entire period of leave taken will count as Family and Medical Leave of Absence leave.*
- 4. *Spouses Employed by the Same Employer—Spouses who are both employed by the same employer and are requesting family qualifying exigency, military caregiver or medical leave for the same qualifying event are entitled to the aggregate of time each can individually take for the birth, adoption or placement of a child for foster care and for the care of a sick parent, for exigency or military caregiver leave.*
- 5. *Instructional Employee—When an instructional employee (one whose principal function is to teach and instruct students) of an elementary or secondary school requests leave near the end of the academic term or semester, the following provisions apply:*
 - a. *If the employee begins leave more than five weeks before the end of a term, and if the leave will last at least three weeks and the employee would otherwise return to work during the three weeks before the end of the term, the employer may require the employee to continue taking leave until the end of the term;*
 - b. *If the employee takes leave for a reason other than the employee's own serious health condition which commences during the five weeks before the end of the term, and if the leave will last more than two weeks and the employee would otherwise return to work during the last two weeks of the term, the employer may require the employee to continue taking leave until the end of the term.*
 - c. *If the employee takes leave for a reason other than the employee's own serious health condition which begins during the last three weeks of the term, and if the leave will last more than five working days, the employer may require the employee to take leave until the end of the term.*

NOTE – When the need for leave is foreseeable, such as the birth or adoption of a child, or planned medical treatment, the employee must provide thirty-days notice and make efforts to schedule leave so as not to disrupt employer operations. In unforeseen circumstances, thirty days of notification may not be possible; in such cases, as much prior notice as possible must be given. In cases of illness, the employee will be required to report periodically on his/her leave status and intention to return to work.
 - d. *With the exception for a qualifying exigency leave, if an employee fails to provide thirty days notice for foreseeable leave with no reasonable excuse for the delay, the leave request may be delayed until at least thirty days from the date the employer receives notice.* (E 83 30)
- I. *Status of Employee Benefits During Leave of Absence*

While an employee is on leave, the employer will continue the employee's health care benefits during the leave period at the same level and under the same conditions as if the employee had continued to work.

 - 1. *Employee Pays to Opt-In Eligible Dependent(s)—If the employee pays to opt in eligible dependent(s) and/or spouse, then while on paid leave the employer will continue to make payroll deductions. While on unpaid leave, the employee must continue to make this payment which must be received from the employee as directed by the employer. If the employee does not continue these payments, the employer may discontinue dependent/spouse coverage during the leave period or will recover payments at the end of the leave period, in a manner consistent with the law.*

2. *Benefit Entitlements—Benefit entitlements based upon length of service will be calculated as of the last paid day prior to the start of the unpaid leave of absence.* (E 83 35)

J. Extension of Leave as Reasonable Accommodation Under the Americans With Disabilities Act

Employees who exhaust their leave but need additional time off in order to return to work may qualify for a reasonable extension of their leave under the ADA or other applicable laws. To qualify for a reasonable extension of leave under the ADA, employees must: (1) request the extension prior to exhaustion of their pending leave; and (2) provide the employer with a written statement from their treating health care provider(s) confirming that:

- a. The employee has a physical or medical impairment that substantially limits a major life activity; and
- b. A supplemental leave for a specified duration will allow the employee to return to work and perform the essential functions of his or her job in the near future.

In addition, there must be no other reasonable accommodation that would allow the employee to return to work and perform the essential functions of their job upon exhaustion of extended leave.

The employer will evaluate timely requests submitted by employees on an individualized basis and grant reasonable extensions of leave in compliance with the ADA and other applicable laws.

4162:16 Reasonable Accommodations

Equal employment opportunities will be provided to qualified persons with disabilities in compliance with federal and state laws. Discrimination against qualified disabled persons is prohibited.

Reasonable accommodations will be made for qualified disabled persons who seek employment to ensure equal opportunity in the application process. Reasonable accommodations will also be made for qualified disabled employees to enable them to perform the essential functions of their job and to provide equal access to benefits and privileges of employment.

An applicant may request a reasonable accommodation orally or in writing from the individual responsible for human resources activities at the employer ("Responsible Official"). An employee may make a request for a reasonable accommodation orally or in writing to his or her principal, manager, supervisor or the Responsible Official. A family member, health care professional, or other representative may also request an accommodation on behalf of an applicant or employee.

To enable maintenance of accurate records regarding requests for accommodation, applicants or employees seeking a reasonable accommodation must follow up an oral request for accommodation by confirming their request in writing or by e-mail to the Responsible Official. An employee with a disability who requires assistance with this requirement should speak with the Responsible Official. While the written confirmation should be made as soon as feasible following the request, it is not a requirement for the request to be considered.

A principal, manager or supervisor receiving an accommodation request should promptly forward it to the Responsible Official, who will review the request, the process for determining whether a reasonable accommodation can be provided and possible accommodations. The Responsible Official will have the principal responsibility for coordinating interaction with the applicant or employee to identify reasonable accommodations, including consulting with appropriate internal and external resources for assistance. The applicant or employee requesting the accommodation should participate with the Responsible Official to the extent possible in identifying reasonable accommodations.

The Conference may seek information or documentation about the disability and/or functional limitations from the individual, and/or request that the individual obtain such information from an appropriate professional, such as a doctor, social worker, or rehabilitation counselor.

If the information provided by the individual requesting the accommodation or his/her health care professional is insufficient to enable the Conference to determine whether an accommodation is appropriate, the Conference may ask for further information. The Conference and the individual

requesting the accommodation may agree, as an alternative, for the individual to sign a limited release for the Conference to submit a list of specific questions to the individual's doctor or to otherwise contact the individual's doctor.

If, after a reasonable time period, there is insufficient information to demonstrate that the individual has a disability and needs a reasonable accommodation, the Conference may request that the individual be examined by a physician chosen by the Conference, at Conference expense. Failure to provide appropriate documentation or to cooperate in efforts to obtain such documentation may result in denial of the accommodation request.

All medical information, including functional limitations and reasonable accommodation needs, that the Conference obtains in connection with a request for reasonable accommodation will be maintained in files separate from the individual's personnel record in accordance with ADA requirements.

The Conference will notify the individual whether the request for accommodation will be granted or denied. If the request is denied, the Conference will provide the individual with an explanation for the denial. If the Conference offers an alternative accommodation which was not agreed to during the interactive process with the requesting individual, the explanation will include both the reason for the denial of the requested accommodation and the reason that the Conference believes that the alternative accommodation will be effective.

4165:13 Personal Leave

Leaves for personal reasons not covered by the Family and Medical Leave Act must be approved in advance by the employing organization. Such leaves are generally unpaid. During a personal leave, the employing organization reserves the right to make any adjustments in assignments and scheduling necessary to assure the continued quality of the educational program during a personal leave.

If the employee's position is eliminated due to reorganization, financial exigency, reduction in force or other reasons during a personal leave, the employee will be notified of this action and the cessation of employment.

The maximum duration of any personal leave or any combination of personal leaves, during an academic year is 30 days.

Employees are not guaranteed reinstatement from personal leave. The employing organization will attempt to reinstate the employee to the former position, or an alternate position for which the employee is qualified, when the employee seeks reinstatement from the approved personal leave. Employees who do not request reinstatement before expiration of their personal leave are subject to dismissal from employment. Employees dismissed under this policy are eligible to apply for future employment with the employing organization.

During a personal leave, the employee must continue to pay applicable premiums determined by the employing organization for continuation of employment benefits. Employees who fail to pay any premiums due during their personal leave may be dropped from coverage as of the date on which the premium is due.

Proper arrangements for payment of premiums during a personal leave must be made with the employing organization prior to commencement of the personal leave.

4168:16 Accommodations Related to Pregnancy

Equal employment opportunities will be provided to qualified women without regard to past, current, or future pregnancy, childbirth or pregnancy-related conditions. Discrimination based on pregnancy or pregnancy-related conditions is prohibited.

Reasonable accommodations will be made for female applicants and employees who are pregnant or who have pregnancy-related medical conditions to enable them to perform the essential functions of their job and to provide equal access to benefits, privileges and employment.

Women who desire accommodations for pregnancy or pregnancy-related medical conditions should follow the process outlined in the reasonable accommodation policy.

4170:16 Leave for Pregnancy

- A. *Provision—Pregnancy leave shall be granted on the same basis as extended sick leave in accordance with the Sick Leave policy and Paid Leave policy. Eligible employees requesting pregnancy leave are to request Family and Medical Leave of Absence leave (see E 83). Employees are expected to return to employment as soon as they are physically able to resume their duties. The beginning date and duration of the pregnancy leave shall be in harmony with the advice of the attending physician.*
- B. *Remuneration—Beginning with the first day of pregnancy leave, regular remuneration shall be continued and shall be charged to the extended sick leave bank until those accumulated hours have been exhausted. Accrued time in the paid leave bank may also be used for pregnancy leave. An employee may be remunerated on the foregoing basis whether or not she plans to return to work at the end of the pregnancy leave.*
- C. *Where government law dictates pregnancy leave policy, the employing organization shall observe those policies.*
- D. *Post Leave Employment—An employee returning from pregnancy leave under the Family and Medical Leave of Absence policy will be entitled to reinstatement in her previous job or a job of equivalent pay, benefits, and other employment terms and conditions. Upon returning to work, it will be necessary to provide a doctor's medical release.*
- E. *Paid and/or Unpaid Leave for the Birth or Care of a Child—Employees are entitled to up to twelve weeks of paid and/or unpaid leave for the birth or care of a child. However, once the physician has released the employee from medical care, should the employee wish to continue Family and Medical Leave, any paid leave from the extended sick leave bank would be discontinued, but both male and female employees may access any applicable paid leave available to them (see E 83 15).
(E 82 70)*

4173:16 Nursing Mothers

This policy is to fulfill the requirements of federal and state laws for nursing mothers to express breast milk in the work place.

Employees who are nursing mothers (both salaried exempt and non-exempt) will be provided with break time each day to permit them to express breast milk for a period of one year following the birth of their child unless longer time periods are required by state laws and/or local ordinances. This benefit is available to employees during their standard work week, as well as during any overtime or additional hours worked.

If a non-exempt employee uses a regularly scheduled paid rest break to express breast milk, the employee will continue to be compensated for the scheduled break time. Any other breaks by non-exempt employees to express breast milk will be unpaid. Salaried exempt employees will not have their compensation reduced for any rest breaks to express milk.

If an employee desires to use this benefit, she is expected to give her supervisor reasonable notice (preferably, prior to the nursing mother's return to work from leave of absence) so that a schedule can be arranged and a location identified for the employee's use.

Employees who desire to use this benefit will be provided with a private room that is free from intrusion (i.e., lockable) to express their milk during work hours. The room will include an electrical outlet, comfortable chair, and nearby access to running water (not necessarily in the room). If applicable, employees may use their private office (but not open spaces or cubicle offices) for expressing milk, provided that the office is free from intrusion (i.e., lockable).

Employees may use their own cooler packs to store expressed breast milk or may store milk in a designated refrigerator, if available on the premises. Employees must provide their own container, clearly labeled with your name and the date. Employees must remove expressed milk at the end of

each work day. Schools are not responsible for ensuring the safekeeping of expressed milk stored in any refrigerator on their premises.

Administration and employees are expected to provide an atmosphere of support for those who desire to use this benefit. No employee shall discriminate or retaliate against any employee who chooses to express breast milk in the work place.

ARTICLE 3 INSTRUCTIONAL LOAD

4250:07 Teaching Load

Instructional personnel will be assigned responsibilities based on professional preparation, experience, personal qualifications, and needs of the school.

A student unit (SU) is a value assigned to each student in the classroom. A teaching load is based on a maximum number of units as specified per classroom, depending upon the number of grades that are involved. The maximum total SUs is determined by multiplying the SU by the respective number of students.

The SU for each grade level is:

K = 1.75

3 = 1.0

6 = 1.0

1 = 1.5

4 = 1.0

7 = 1.0

2 = 1.5

5 = 1.0

8 = 1.0

Students with IEPs or ELL Students (as identified by conference guidelines) = 2.5

Consideration of a teacher load should be given when a classroom has English Language Learners (ELL) and/or special needs students. The physical size of the classroom should also be considered when assigning a teacher load, i.e. 33 square feet per student.

A. Elementary School

If a teacher's assignment exceeds the maximum as outlined below, assistance shall be given either by a part-time certificated teacher or by a teacher assistant.

1. The maximum student units in a single-grade kindergarten classroom shall be thirty-five (which is equivalent to 20 students).
2. The maximum student units for a teacher having five or six grades should not exceed fifteen.
3. The maximum student units for a teacher having three or four grades should not exceed twenty-five.
4. The maximum student units for a teacher having two grades should not exceed twenty-eight.
5. The maximum student units for a teacher having one grade (excluding kindergarten) should not exceed thirty.
6. The maximum number of grades in a single teacher classroom is six grades.

Any variation of the above must be approved by the local Conference Office of Education.

B. Junior Academy

Six subject preparations per day constitute the suggested teaching load for a secondary teacher in a normally departmentalized junior academy. If a teacher's assignment exceeds the suggested load, assistance shall be given either by a teacher's assistant or a student reader. Supervisory and co-curricular duties will be assigned by the principal as part of the teacher's professional responsibilities. This policy shall not apply to a grade 7-9 classroom with one teacher.

C. Senior Academy

A suggested teaching load for a full-time staff member is six subject preparations or six class appointments per day. One preparation period per day is recommended. Additional supervisory and co-curricular duties will be assigned by the principal as part of the teacher's professional responsibilities. If a teacher's assignment exceeds the suggested load, assistance shall be given either by additional preparation periods or a student reader.

When a school has been granted permission to implement an innovative program, the teacher load shall be defined in the proposal.

The Mid-America Union Board of Education will have the final decision.

4270:13 Summer School Attendance

For financial details pertaining to advanced study see §3780. The following is a list of specific summer school policies.

All educators holding conditional certificates shall be required to secure a minimum of six semester hours (nine quarter hours) of course work annually which must apply toward the requirements for the standard teaching certificate in order to renew their conditional teaching certificate.
- B. Summer School for Transferring Educators

An educator transferring from another union who is newly employed by a conference within the Mid-America Union and who is currently enrolled in a study program elsewhere may, upon conference board of education approval, be permitted to complete work where enrolled if a transfer would entail hardship or a loss of credit. In such a situation the educator is to receive benefits from the employing organization equal to those granted to educators enrolled in courses sponsored by the Mid-America Union.
- C. Orientation to Seventh-day Adventist Teaching

Griggs University and International Academy offers a course of study for teachers who graduated from a non-Seventh-day Adventist college. These courses meet the requirements for those courses which comprise the Adventist component of North American Division Teaching certification requirements. The courses total eight semester hours and cover the need for the 15-18 hours normally required.

4285:13 Teacher Evaluation

The superintendent will direct the teacher evaluation program. In larger elementary schools, junior and senior academies, the principal will play the major role in supervision and evaluation. See §4210 - §4225 for specification of frequency of evaluation.

ARTICLE 5 REASSIGNMENT

4320:16 Reassignment Based Upon Needs and Qualifications

Personnel reassignment involves assigning an employee to work at a location ("appointment") different from his/her assignment within a school or conference.

The conference board of education by recommendation of the superintendent in consultation with the principal, may reassign employees to different appointments when such an action is in the best interest of the school and when the reassignment does not adversely affect the salary of the employee during the current employment year. Reassignment shall be based upon the needs of school or conference and the professional qualifications of the employee.

4325:13 Appeal Process for Reassignment

The employee may appeal the reassignment by following the same procedure as that outlined for appeal of terminations. (See §4380.)

ARTICLE 6 TRANSFERS

4330:00 Authority to Transfer

The conference board of education, by recommendation of the superintendent, may transfer an employee from one school to another within its jurisdiction. The Board of Education, through the superintendent, also may transfer an employee to a school outside its jurisdiction by facilitating an employment offer by another conference. 4334: Calls for Educational Employees

An educational institution or conference that may have interest in placing a call for an educational employee employed by another denominationally operated K-12 school or college/university shall observe the following procedure. Informal contacts to ascertain possible interest by an employee in accepting a call to another institution or conference may be pursued without permission of the current employer. When an administrator is at the point of obtaining formal references or interviewing a prospective educational employee, the prospective employee's current administrator or conference office of education must be notified. The prospective employer must be careful to enquire from the current or previous employer of possible indebtedness according to E 45 72.

If a prospective employee has not signed an employment agreement with the current employer for the next year, another educational institution or conference is free to offer the prospective employee an employment agreement without the current employer blocking the call. However, if the employee has signed an employment agreement for the next school year with his/her current employer, the calling

party must have the consent of the administrator or conference office of education before contacting an employee for an interview or placing a call.

Every effort should be made on the part of school administrators to cooperate with the General Conference in filling emergency overseas calls which may arise at any time for teachers or employees working in denominational schools. (E 45 60)

4335:13 Call and Transfer of Education Employees

A. Secondary Teachers

A secondary teacher in one of the regular twelve-grade academies, after receiving a year's leave for graduate study (or financial assistance for three summers of graduate study in harmony with regular policy), cannot be called by another employing organization within three years, except by agreement with the institutional boards involved, which shall include provision for the unamortized portion of the allowance granted.

B. Elementary Teachers

An elementary school or junior academy teacher, after receiving financial assistance for three quarters (or equivalent) of graduate study in harmony with the regular policy, cannot be called by another employing organization within three years, except by mutual agreement between the conferences involved, which shall include provision for the unamortized portion of the allowance granted.

(The North American Division requests organizations to anticipate as early as possible their needs for educational employees so that their calls may be processed before May 1.)

These regulations do not apply in cases of appointment to interdivision service. (FEB 05 20)

4337:00 Transfer Time-Line

The Mid-America Union policy regarding transfers and calls for K-12 educators is as follows:

A. Transfer During Summer

If an educator transfer occurs during the summer (as arranged by the employing organization), summer school expenses, if any, are to be assumed by the calling organization.

B. Finance Personnel Transfer Date

It is recommended that a school business manager/Vice-Principal for Finance, assistant business manager/treasurer, or accountant not move to a new assignment until all school funds and accounts have been checked by an auditor or until the academy board or conference board of education has approved the release.

It is preferable that such a move take place after the close of the fiscal year and after year end statements are prepared.

4376:13 Declaration of Financial Exigency

Financial exigency is an unforeseen economic situation or event which jeopardizes the reasonable operation of a local school. It is cause for the school board to request the conference Board of Education to declare financial exigency for the school. The financial condition of the school and its constituency will be taken into consideration whenever financial exigency is determined.

To declare a financial exigency, the following procedures shall be followed:

- A. The school board, at a duly called meeting with a representative from the conference office of education present, may, by a two-thirds vote of the members' present and voting, request the conference Board of Education to consider a declaration of financial exigency.

4380:16 Procedure for Non-Renewal or Termination

If non-renewal or termination is proposed at the local school, the principal or local school board chair shall notify the superintendent of schools of such proposed action, and the superintendent or superintendent's designee must be present when the local school board considers non-renewal or termination. A recommendation from the local school board is not a prerequisite to action by the conference board of education. However, if non-renewal or termination is proposed at the

conference level, the superintendent of schools or a designee shall consult with the local school board prior to any further action.

The superintendent or superintendent's designee must provide the employee with a written statement of the reason(s) for the proposed non-renewal or termination action and an opportunity to address the conference board of education considering non-renewal or termination before the final action. The opportunity for an employee to address the local school board does not apply to non-renewal or termination of contract for reasons of insufficient enrollment or funds.

The conference board of education must give the employee written notification of non-renewal or termination of employment and reason for such action. The employee shall have the right to have counsel attend the conference board of education meeting with them at the employee's expense, but the counsel shall not have the right to address the Board, to present information, to examine or cross-examine those presenting information, or to speak on the employee's behalf.

An individual whose employment is terminated may be eligible for a settlement in accordance with the provisions of North American Division Working Policy Y36.

If the employee disputes the non-renewal or termination action taken by the conference board of education, he/she may appeal the action in writing to the conference executive committee within fifteen (15) working days following receipt of the written notification. The appeal shall be considered at the next regular or special meeting of the conference executive committee following receipt of the appeal. The decision of the conference executive committee shall be communicated in writing to the conference board of education. The conference board of education shall implement the decision of the conference executive committee.

CHAPTER 8 - REVISION OF POLICY

4500:05 Revision of Policies

The Mid-America Union conference board of education retains the right to amend and revise the policies for credentialed and classified personnel at any time when, in its judgment, conditions warrant.

DIVISION 5 – Early Childhood Education and Care

Chapter 1 – General Organization

Article 1

Introduction and Philosophy

5000:16 Introduction

The Mid-American Union has established within the MAUC Office of Education the Early Childhood Education and Care program to provide oversight for out-of-home education and care provided to young children from birth to entrance into formal schooling (K-12). ECEC programs are integral to the mission of the Church, providing early Adventist education and care for constituent church families and an outreach service to the communities where located. ECEC programs operated by churches and schools shall be in harmony with the policies and practices developed to ensure high standards of quality and to meet governmental regulations. (FED 05 05)

5010:16 Philosophy

Mid-American Union Early Childhood Education and Care has its foundation in the Biblical imperative for purposeful training of the young child. We are admonished to teach the words of Holy Script “diligently unto thy children,” and to “train up a child in the way he should go” (Deuteronomy 6:7, and Proverbs 22:6, KJV).

The Mid-American Union recognizes that the early education and care of young children is the beginning of a continual growth process. “Too much importance cannot be placed upon the early training of children. The lessons learned, the habits formed, during the years of infancy and childhood, have more to do with the formation of the character and the direction of the life than have all the instruction and training of after years” (Ministry of Healing, p. 380).

In partnership with the home and church, it is important that a balanced ECEC program meets the needs of a child's spiritual, physical, intellectual, social and emotional development from birth to entrance into formal schooling. This focus has the full intention of affirming the value of each child and family, bringing them closer to Christ. (FED 05 10)

5020:14 ECEC Mission Statement

To provide young children with Christ-centered, developmentally-appropriate experiences in safe, nurturing environments that are aligned with the beliefs and values of the Seventh-day Adventist Church. (FED 05 15)

5030:16 ECEC Vision Statement

To see young children growing in their love for God and love for others through purposeful integrated learning experiences in a caring Christian environment. (FED 05 20)

Article 2

5120:16 Conference Early Childhood Education and Care

The local conference serves as the employer. As such the conference should assume responsibility for early childhood programs and their employees as ECEC is under the auspices of NAD (specifically NADOE) and ECEC employees are Conference employees. FEA 20 15 outlines the Conference Office of Education functions.

Each local conference with ECEC programs operating in churches and/or schools is to designate a person in the Office of Education to serve as the Liaison or Associate Superintendent for ECEC programs. This leader will work in collaboration with the union ECEC leader to implement and maintain an effective ECEC program within the conference.

Each local conference, in collaboration with the local church or school and the ECEC program, is also responsible for determining whether an ECEC program is viable and sustainable and how much support may be needed to assist the ECEC program in maintaining its ministry and for the length of time that support is needed.

Once the viability and sustainability is determined, for those that are deemed viable, options for continued operations should be explored. Those options include total Conference-based support, partial Conference-based support and/or separate incorporation under denominational status as provided for in BA 25 and C47.

- A. *If providing conference support is not an option and the conference feels that the ECEC program is financially viable, can operate on its own accord and is mission-directed, the final option to be considered may be separately incorporating under NAD Working Policy BA 25 and C 47. This is not a preferred option, but if entered into there are some recommendations to be considered:*

1. *It is recommended that legal counsel be sought and that the Conference and the ECEC program work closely with the Office of General Counsel to be sure that their business, corporate and governance plans are in alignment with Policy BA 25 and C 47 and that the plan is legally sound. That the following areas of concern be addressed by the local legal counsel:*
 - a. *Where the ECEC is a stand-alone program, there must be a rental agreement between the ECEC Program and the local church.*
 - b. *There must be signed consent that the ECEC Program will operate within the mission and practices of the SDA Church.*
 - c. *The ECEC program must file for its own Employer Identification Number (EIN) from the federal government.*
 - d. *The ECEC program must file for a local and county business license(s) as a corporation partnership, or independent business owner, as applicable.*
 - e. *The constituency, (ownership) must comply with the requirements of NAD Working Policy BA 25.*
 - f. *A governing board must be formed as a separate entity of the local church.*
 - g. *The ECEC program must be accredited by the Adventist Accrediting Association (AAA) or must demonstrate evidence of being in the process of obtaining accreditation. The program must be accredited within two years of receiving denominational status.*
 - h. *The ECEC board cannot be chaired by the local church or school chair, the church pastor, or any other local church board member or school administrator.*
 - i. *No more than 25% of the ECEC Board membership can be members, administrators or board of the local church or school.*
 - j. *The ECEC board must develop its own corporate documents (constitution and bylaws).*
 - k. *State licensure becomes a local issue and operational applications must be resubmitted based on the new business' format.*

- l. *Conferences, churches and schools must be aware that business and income taxes may apply and that there is potential for Unrelated Business Income Tax (UBIT) to be assessed.*
- m. *Conferences, churches and schools must also be aware that there is a potential for loss of property tax exemptions currently enjoyed by the facility.*
- n. *If non-profit status is desired, the ECEC must file for their own non-profit, 501 (c) (3), status.*
- o. *The ECEC must be responsible for processing their payroll, employee taxes, employee benefits, insurance, etc.*
- p. *Risk management and loss control becomes a local issue.*
- q. *All programs must meet the requirements of NAD Working Policy S 60 which sets minimum insurance coverage limits and becomes the responsibility of the ECEC Program.*
- r. *State and federal regulations such as CACFP and OSHA become a local responsibility.*
- s. *Playground, pest control and hazardous material inspections become a local responsibility.*
- t. *Human Resources is the responsibility of the ECEC Program.*
- u. *Legal counsel and auditing services must be retained by the ECEC Program.*
- 2. *This policy (FED 20 05) is not to be considered as an option to avoid adherence to the Affordable Care Act (ACA), it is to be considered as an alternative administrative and business model with continued connection to the church.*
- 3. *Programs that incorporate with denominational status are strongly encouraged to provide equitable wages and benefits, inclusive of health benefits.*
- B. *If conference support is not an option and the ECEC program, conference or church does not want to separately incorporate, even if the ECEC program is viable and sustainable and mission-directed, the ECEC program must be closed or become independent and no longer considered as part of the Adventist system.* (FED 20 05)

5130:14 Relationship of Conference with Early Childhood Education and Care (ECEC) Programs

The conference board of education through the Office of Education is to provide oversight of ECEC programs at churches and schools within the conference. Some governance and administrative functions may be delegated to a center board and/or director and will require regular communication and close cooperation between the center and conference.(FED 20 10)

5135:16 Conference Early Childhood Education and Care Leadership and Functions
